HOUSE BILL NO. 64

BY REPRESENTATIVE HENRY

APPROPRIATIONS/ANCILLARY: Provides for the ancillary expenses of state government

1 AN ACT

2 To provide for the establishment and reestablishment of agency ancillary funds, to be
3 specifically known as internal service funds, auxiliary accounts, or enterprise funds
4 for certain state institutions, officials, and agencies; to provide for appropriation of
5 funds; and to regulate the administration of said funds.

6 Be it enacted by the Legislature of Louisiana:

7 Section 1. There are hereby appropriated the amounts shown below, which shall be
8 payable out of the state general fund, to the extent of funds deposited, unless otherwise
9 specified, for the establishment and reestablishment of agency ancillary funds which shall
10 be specifically known as internal service funds, auxiliary accounts, or enterprise funds. The
11 monies in each fund shall be used for working capital in the conduct of business enterprises
12 rendering public service, auxiliary service, and interagency service.

13 In the conduct of each such business, receipts shall be deposited in the state treasury
14 and disbursements made by the state treasurer to the extent of the amount deposited to the
15 credit of each ancillary fund, for the Fiscal Year 2017-2018. All funds appropriated herein
16 shall be expended in compliance with the public bid laws of the state.

17 Section 2.A. Except as otherwise provided by law or as herein otherwise provided,
18 any fund equity resulting from prior year operations shall be included as a resource of the
19 fund from which the ancillary fund is directly or indirectly derived.

1 B. Funds on deposit with the state treasury at the close of the fiscal year are
2 authorized to be transferred to each fund respectively, as equity for Fiscal Year 2018-2019.

3 All unexpended cash balances as of June 30, 2018, shall be remitted to the state
4 treasurer on or before August 14, 2018. If not reestablished in the subsequent year's Act, the
5 agency must liquidate all assets and return all advances no later than August 14, 2018.

6 C. The program descriptions contained in this Act are not part of the law and are not
7 enacted into law by virtue of their inclusion into this Act.

8 Section 3. All money from federal, interagency transfers, statutory dedications, or
9 fees and self generated revenues shall be available for expenditure in the amounts herein
10 appropriated.

11 Any increase in such revenues shall be available for allotment and expenditure by
12 an agency on approval of an increase in the appropriation by the commissioner of
13 administration and the Joint Legislative Committee on the Budget. Any increase in such
14 revenues for an agency without an appropriation from the respective revenue source shall
15 be incorporated into the agency's appropriation on approval of the commissioner of
16 administration and the Joint Legislative Committee on the Budget.

17 Section 4.A. The figures in parentheses following the designation of a budget entity
18 are the total authorized positions and authorized other charges positions for that entity. The
19 number of employees approved for each agency, as a result of the passage of this Act, may
20 be increased by the commissioner of administration, upon approval of the Joint Legislative
21 Committee on the Budget, when sufficient documentation is presented and the request is
22 deemed valid.

23 B. The budget request of any agency with an appropriation level of thirty million
24 dollars or more shall include within its existing table of organization positions which
25 perform the function of internal auditing, including the position of a chief audit executive.
26 The chief audit executive shall be responsible for ensuring that the internal audit function
27 adheres to the Institute of Internal Auditors, International Standards for the Professional
28 Practice of Internal Auditing. The chief audit executive shall maintain organizational
29 independence in accordance with these standards and shall have direct and unrestricted
30 access to the commission, board, secretary, or equivalent head of the agency. The chief

1 audit executive shall certify to the commission, board, secretary, or equivalent head of the
2 agency that the internal audit function conforms to the Institute of Internal Auditors,
3 International Standards for the Professional Practice of Internal Auditing.

4 Section 5. All key and supporting performance objectives and indicators for the
5 departments, agencies, programs, and budget units contained in the Governor's Executive
6 Budget Supporting Document shall be adjusted by the commissioner of administration to
7 reflect the funds appropriated therein. The commissioner of administration shall report on
8 these adjustments to the Joint Legislative Committee on the Budget by August 15, 2017.

9 Section 6. The following definition is provided for the terms of this Act: "Working
10 Capital" shall be considered the excess of current assets over current liabilities on an accrual
11 basis.

12 Section 7. Should any section, subsection, clause, sentence, phrase, or part of the Act
13 for any reason be held, deemed, or construed to be unconstitutional or invalid, such decisions
14 shall not affect the remaining provisions of the Act, and the legislature hereby declares that
15 it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part
16 thereof, irrespective of the fact that one or more of the sections, subsections, clauses,
17 sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the
18 provisions of this Act are hereby declared severable.

19 Section 8. Internal Service Funds. These funds account for the financing of goods
20 or services provided by one department or agency to other departments or agencies of the
21 governmental unit, or to other governmental units, on a cost-reimbursement basis. Excess
22 cash funds, excluding cash funds arising from working capital advances, shall be invested
23 by the state treasurer with the interest proceeds there from credited to each account and shall
24 not be transferred to the state general fund.

25 Section 9. In conjunction with the continuing assessment of the existing staff, assets,
26 contracts, and facilities of each department, agency, program or budget unit's information
27 technology resources and procurement resources, upon completion of this assessment and
28 to the extent optimization of these resources will result in the projected cost savings through
29 staff reductions, realization of operational efficiencies, cost avoidance, and elimination of
30 asset duplication, the commissioner of administration is authorized to transfer the functions,

1 positions, assets, and funds from any other department, agency, program, or budget units
 2 related to these optimizations to a different department. The provisions of this Section shall
 3 not apply to the Department of Culture, Recreation and Tourism, or any agency contained
 4 in Schedule 04, Elected Officials, of the General Appropriation Act.

HB 64 Engrossed

2017 Regular Session

Henry

Abstract: Appropriates funds and provides for ancillary expenses of state government, including internal service funds, auxiliary accounts, and enterprise funds.

Proposed law provides for the establishment and reestablishment of agency ancillary funds, to be specifically known as internal service funds, auxiliary accounts, or enterprise funds for certain state institutions, officials, and agencies. Requires the appropriated funds, to the

extent deposited, unless otherwise specified, to be used for working capital in the conduct of business enterprises rendering public, auxiliary, and interagency services. Requires receipts from the conduct of such businesses to be deposited to the credit of each ancillary fund for FY 2017-2018. Requires all funds to be expended in accordance with public bid laws.

Proposed law requires, except as otherwise provided, any fund equity resulting from prior year operations be included as a resource of the fund from which it is derived. Provides that all funds on deposit with the state treasury at the close of the fiscal year are authorized to be transferred to each fund as equity for FY 2018-2019. Further provides that all unexpended cash balances as of June 30, 2018, shall be remitted to the state treasurer on or before Aug. 14, 2018. Further provides that if not reestablished in the subsequent year's act, the agency must liquidate all assets and return all advances no later than Aug. 14, 2018.

Proposed law provides that the program descriptions contained in the act are not enacted into law by virtue of their inclusion in the act.

Proposed law provides that all money from federal, interagency, statutory dedications, or self-generated revenues of an agency be deemed available for expenditures in the amounts appropriated, and any increase in such revenues over the amounts appropriated shall only be available for expenditure by the agency with approval of the division of administration and the Joint Legislative Committee on the Budget (JLCB).

Proposed law provides that the number of employees approved for each agency may be increased by the commissioner of administration, subject to JLCB approval, when appropriate documentation is deemed valid.

Proposed law requires any agency with an appropriation level of \$30 million or more to include positions within its table of organization which perform internal auditing services, including the position of a chief audit executive responsible for adhering to the Institute of Internal Auditors, International Standards for the Professional Practice of Internal Auditing.

Proposed law directs the commissioner of administration to adjust performance objectives and indicators contained in the Executive Budget Supporting Document to reflect the funds appropriated and to report such adjustments to the JLCB by Aug. 15, 2017.

Proposed law provides that the treasurer shall invest excess cash funds, excluding those arising from working capital advances, with the interest earned being credited to the account.

Proposed law authorizes the commissioner of administration to transfer functions, positions, assets, and funds between and within departments in conjunction with the continuing assessment of the existing staff, assets, contracts, and facilities of each department, agency, program or budget unit's information technology resources, and procurement resources, in order to optimize resources and provide cost savings. Proposed law does not apply to the Dept. of Culture, Recreation and Tourism, or any agency contained in Schedule 04, Elected Officials, of the General Appropriation Act.

Effective July 1, 2017.
