EXPENDITURE EXPLANATION

There may be an increase in local government expenditures of municipalities or parishes that would need to purchase signs as a result of this measure.

According to information from the Louisiana Municipal Association and the Police Jury Association, there are less than 10 communities in the state that have speed cameras and the cost for each new sign would be approximately \$40-\$50.

According to officials with the City of New Orleans, it would cost approximately \$11,100 to post signs that are in compliance with the provisions of this measure. Signs would need to be posted at 111 locations. The following calculation of the cost per sign was provided:

- \$50 sign
\$40 sign post
\$10 installation
\$100 cost per sign

According to officials with the Lafayette Consolidated Government, they already have signs posted for fixed location speed cameras and the cost would be minimal to post signs for the mobile units.

According to officials with the City of Gretna, the cost would be approximately \$2,000 to purchase signs for their speed cameras.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.

According to officials with the City of New Orleans, Lafayette Consolidated Government, and City of Gretna, no material impact on revenues is expected as a result of posting notification of speed camera locations.
