EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

According to the Dept. of Economic Development, the bill reverts the statute back to the language that existed prior to the numerous changes made in 2015. This change back is not expected to affect the costs of the program because credits can not be utilized (transferred or claimed) until expenditures are certified by the Dept. The Dept. does not certify any expenditures until they are verified by audit. Thus, the bill appears to have no revenue effect as the program is currently structured and administered.
