EXPENDITURE EXPLANATION

This bill may increase local fund expenditures by \$12,000 annually for Calcasieu Cameron Hospital Service District.

The proposed bill provides for an increase in per diem paid to each board member from \$100 to \$300 for each board meeting attended. This measure provides for a maximum of 12 meetings per year. Currently the district consists of 5 members who each receive \$100 for attending a maximum of 12 meetings.

If the board meets for the statutorily maximum allowable number of meetings, the current per diem would be \$6,000 annually (\$100 per diem x 12 meetings x 5 board members). If the board meets the maximum number of times with the increased per diem provided in this measure (\$300), expenditures would total \$18,000 annually (\$300 per diem x 12 meetings x 5 board members). Therefore the proposed legislation may increase local fund expenditures by \$12,000 annually (\$18,000 - \$6,000).

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
