

RÉSUMÉ DIGEST

ACT 52 (HB 252)

2017 Regular Session

Schexnayder

Prior law specified that the office of agricultural and environmental sciences was responsible for administering the provisions of law relating to commercial feeds.

New law modifies prior law by specifying that the office of animal health and food safety is responsible for the regulation of the manufacturing and sale of commercial feeds, instead of the office of agricultural and environmental sciences.

Effective August 1, 2017.
