

RÉSUMÉ DIGEST

ACT 334 (HB 241)

2017 Regular Session

Chad Brown

Existing law requires the Dept. of Public Safety and Corrections, public safety services, to establish a portion of the driver education course or preclicensing training course relative to the economic effects of littering.

New law modifies existing law by redesignating the provision and adding that the courses include the economic and adverse effects of littering.

New law requires the Dept. of Public Safety and Corrections, public safety services, to establish and implement a curriculum within the driver education and preclicensing training courses relative to managing a routine traffic stop.

New law requires the department to establish rules and regulations to administer and define the requirements within the courses.

New law requires that the curriculum be developed considering the actions of officers, the drivers and occupants, the number of occupants, the time and reason for the stop, the location of the stop, and any other circumstance surrounding the stop.

New law requires the course include instruction concerning law enforcement procedures for traffic stops; instruction on the importance of officers, drivers, and passengers maintaining integrity and respect during traffic stops; demonstrations of appropriate interactions with law enforcement; and demonstrations of the proper actions to be taken during traffic stops.

Effective August 1, 2017.
