DIGEST

SB 318 Original

2018 Regular Session

Martiny

Present law provides for the authority of the Louisiana Gaming Control Board (the board) to regulate all gaming activities and operations in the state.

Proposed law provides that the board shall promulgate rules and regulations necessary for the administration of the provisions of proposed law and otherwise retains present law.

Present law defines "designated gaming area" as that portion of a riverboat in which gaming activities may be conducted. Present law further provides that the designated gaming area may not exceed 60% of the total square footage of the passenger access area of the vessel or 30,000 square feet, whichever is lesser.

Proposed law provides that the designated gaming area may not exceed 2,365 gaming positions and otherwise retains present law.

Proposed law defines "gaming position" as a seat at a gaming device or a space at a table game with each device seat counted as one position and each space at a table game counted as one position, subject to the rules and regulations of the board. Proposed law specifically requires the board to provide by rule for the counting of gaming positions for devices and games where seats are not readily countable.

Present law requires a riverboat to be paddlewheel driven.

Proposed law deletes present law requirement and provides that a riverboat does not have to have an operable paddlewheel or be paddlewheel driven.

Proposed law adds a facility that is approved by the board and located within 1,200 feet of a riverboat's licensed berth to the definition of "riverboat". Further provides for the inspection of such facilities.

Effective August 1, 2018.

(Amends R.S. 27:15(B)(8)(b), 44(4) and (14) through (25), and 66(B)(1); adds R.S. 27:44(26))
