**Abstract:** Provides for automatic voter registration through driver's license facilities and removes the age limit for a child to accompany a parent or guardian into the voting machine.

Present law (R.S. 18:114) requires voter registration services to be available at all driver's license facilities in the state. Provides that each application to obtain, renew, or change the name or address on a driver's license or identification card issued by the Dept. of Public Safety and Corrections made by an applicant who is 18 years or older shall also serve as an application for voter registration by the applicant unless the applicant declines to register to vote through specific declination. Provides that each application to obtain a driver's license issued by the Dept. of Public Safety and Corrections made by an applicant who is 16 years old shall also serve as an application for voter registration by the applicant unless the applicant declines to register to vote through specific declination. Provides that any person age 17 may register to vote at any time prior to the first election at which he shall have attained the age of 18 years. Prohibits anyone under the age of 18 from voting in any election.

Present law requires the secretary of state to design and provide a standard notice informing the public of the eligibility requirements for and availability of voter registration and requires the notice to be posted in each driver's license facility of the state.

Proposed law retains present law.

Present law provides that an application to obtain, renew, or change the name or address on a driver's license or identification card by an applicant who is 18 years or older, or an application to obtain a driver's license by a person who is 16 years old shall not be considered an application for voter registration if the applicant fails to sign the voter registration application.

Proposed law repeals present law.

Present law requires the secretary of state and the deputy secretary for public safety services of the Dept. of Public Safety and Corrections to develop application forms for use at driver's license facilities.

Proposed law retains present law.

Present law requires the development of voter registration application forms and requires such forms to be in conformity with the National Voter Registration Act of 1993.

Proposed law repeals present law. Requires the development of an application form that includes spaces for all of the information necessary to apply for a driver's license or identification card, to decline voter registration, and the minimum information necessary to register to vote.

Present law provides that any employee authorized to accept an application to obtain, renew, or change the name or address on a driver's license or identification card shall offer voter registration to any person making such an application and, upon request, shall provide assistance to any person who desires to register to vote. Provides that such assistance may consist of answering any question that person might have about completing the registration application form. Provides, however, if the person requesting assistance has a physical disability or is unable to read or write English, the authorized employee shall provide such assistance as is allowed to be provided by registrars of voters under the provisions of present law (R.S. 18:106).

Proposed law repeals references to "registration application form" and refers instead to "the application form". Otherwise retains present law.

Present law provides that prior to generating the portion of the form which is an individual registration form, the authorized employee shall require the applicant to submit his current La. driver's license, if he has one, or his birth certificate or birth certification card, or other documentation which reasonably and sufficiently establishes the applicant's identity, age, and residency.

Proposed law repeals present law.

Present law requires each applicant to complete the registration application form in the presence of an authorized employee. Provides that upon completion of the registration application form, the applicant shall return the form to an authorized employee. Requires the authorized employee to ensure that the registration form has been completely filled out.

Proposed law repeals references to "registration application form" and "registration form" and refers instead to "the application form". Otherwise retains present law.

Proposed law retains present law and specifies that the applicant will be registered only if he is not already registered. Specifies that the notice shall be sent pursuant to present law (R.S. 18:109).

Present law provides that any completed voter registration application transmitted to and received by a registrar by a driver's license facility shall be considered an update of any existing registration for that person.
