A CONCURRENT RESOLUTION

To urge and request the Department of Children and Family Services to study the feasibility of extending the age of foster care to twenty-one and to submit a report of its recommendations to the legislature no later than February 1, 2019.

WHEREAS, R.S. 36:477(B)(1) states that the office of children and family services shall provide for the public child welfare functions of the state, including but not limited to making permanent plans for foster children and meeting their daily maintenance needs of food, shelter, clothing, necessary physical medical services, school supplies, and incidental personal needs, and adoption placement services for foster children freed for adoption; and

WHEREAS, P.L. 110-351, The Fostering Connections to Success and Increasing Adoptions Act of 2008 (FCA) was signed into law on October 7, 2008, allowing states to receive federal Title IV-E reimbursement for costs associated with supports for young people to remain in foster care up to age twenty-one; and

WHEREAS, approximately twenty-five states and the District of Columbia have extended foster care beyond age eighteen under Title IV-E of the Social Security Act, as enacted by the FCA; and

WHEREAS, approximately twenty-six thousand youth who age out of foster care at age eighteen face significant challenges in meeting their healthcare, education, housing,

1 employment, and emotional needs; and

2 WHEREAS, while twenty-five states currently extend foster care through FCA, a
3 majority of states do allow for state-funded extended foster care, or extended services to
4 youth beyond the age of eighteen, such as transitional living services, housing, and
5 educational assistance; and

6 WHEREAS, national studies continue to document that one in four youth who age
7 out of foster care are homeless within one year after exiting the foster care system; and

8 WHEREAS, with the discontinuance of the young adult program in July 2013, youth
9 in Louisiana age out of foster care at age eighteen, with little to no support from the state.

11 urge and request the Department of Children and Family Services to study the feasibility of
