EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

There will be no impact as a result of the proposed legislation. The statutorily dedicated Fisherman's Gear Compensation Fund administered by the Department of Natural Resources is currently funded by fees assessed on lessees of state mineral leases and grantees of state pipeline right-of-way in the coastal zone of Louisiana on a per unit basis. The department levies the fees when the balance of the fund reaches \$250,000 or below. In FY 17, the threshold was triggered and the department collected approximately \$2.3 M.
