Subject: Intention Damage or Tampering on Certain Vehicles	

CRIME OR SEE FISC NOTE GF EX Page 1 of 1
Prohibits the intentional damaging or tampering of a tracking device on certain motor vehicles

Proposed law creates the crime of criminal damage to a tracking device, which prohibits any person from intentionally damaging or tampering with a tracking device installed on or attached to a motor vehicle that is rented or leased from a used motor vehicle dealer or that is acquired through a motor vehicle credit transaction while there still exists an unpaid balance on such transaction.

EXPENDITURE EXPLANATION

Proposed law may result in an indeterminable increase in local funds expenditures for local governing authorities as a result of a first conviction for intentionally damaging or tampering with a tracking device installed on or attached to certain motor vehicles. A first conviction is a misdemeanor with a maximum imprisonment term of six (6) months at the local level.

Proposed law may result in an indeterminable increase in SGF expenditures in the Department of Public Safety and Corrections - Corrections Services as a result of second or subsequent convictions of individuals being convicted of intentionally damaging or tampering with a tracking device installed on or attached to certain motor vehicles. The conviction shall result in individuals being imprisoned, with or without hard labor, for a maximum of 1 year.

SGF expenditures will increase by \$54.21 per offender per day if an offender is housed in a state facility or \$24.39 for a state offender housed in a local facility. An offender sentenced to the custody of the Department of Public Safety and Corrections - Correction Services for one year would increase SGF expenditures by \$19,786.65 (\$54.21 per day x 365 days) if housed in a state facility and \$8,902.35 (\$24.39 per day x 365 days) if housed in a local facility. Approximately 50% of state offenders are housed in state facilities and approximately 50% of state offenders are housed in local facilities.

REVENUE EXPLANATION

Proposed law may result in an indeterminable increase in local revenues if an individual is convicted of intentionally damaging or tampering with a tracking device installed on or attached to certain motor vehicles. Proposed law provides for a maximum fine of \$1,000.
