

2018 Regular Session

HOUSE BILL NO. 753 (Substitute for House Bill No. 584 by Representative Stokes)

BY REPRESENTATIVE STOKES

LICENSING: Provides for licensure of genetic counselors

1 AN ACT

2 To enact Part VIII of Chapter 15 of Title 37 of the Louisiana Revised Statutes of 1950, to  
3 be comprised of R.S. 37:1360.101 through 1360.111, relative to health professions;  
4 to provide relative to the profession of genetic counseling; to require state licensure  
5 of genetic counselors; to provide for licensure of genetic counselors by the Louisiana  
6 State Board of Medical Examiners; to authorize the Louisiana State Board of  
7 Medical Examiners to assess certain fees; to establish qualifications for licensure as  
8 a genetic counselor; to provide for unprofessional conduct and unlawful practice; to  
9 create and provide for duties of the Louisiana Genetic Counselor Advisory  
10 Committee; to provide for limitations of liability; to provide for administrative  
11 rulemaking; and to provide for related matters.

12 Be it enacted by the Legislature of Louisiana:

13 Section 1. Part VIII of Chapter 15 of Title 37 of the Louisiana Revised Statutes of  
14 1950, comprised of R.S. 37:1360.101 through 1360.111, is hereby enacted to read as  
15 follows:

16 PART VIII. GENETIC COUNSELORS

17 §1360.101. Definitions

18 As used in this Part, the following terms have the meaning ascribed in this

19 Section:

1           (1) "Advisory committee" means the Louisiana Genetic Counselor Advisory  
2           Committee.

3           (2) "Board" means the Louisiana State Board of Medical Examiners.

4           (3) "Collaborating physician" means a physician who has entered into a  
5           collaborative practice agreement with a genetic counselor.

6           (4) "Collaborative practice agreement" means a document established by a  
7           genetic counselor and a collaborating physician which governs the professional  
8           relationship between the genetic counselor and the physician.

9           (5) "Genetic counseling" means any of the following actions by a genetic  
10          counselor that occur through and as a result of communication between the genetic  
11          counselor and a patient:

12           (a) Obtaining and evaluating individual, family, and medical histories to  
13           determine genetic risk for genetic or medical conditions and diseases in a patient, his  
14           offspring, and other family members.

15           (b) Discussing the features, natural history, means of diagnosis, genetic and  
16           environmental factors, and management of risk for genetic and medical conditions  
17           and diseases.

18           (c) Identifying and coordinating genetic laboratory tests and other diagnostic  
19           studies as appropriate for the genetic assessment.

20           (d) Integrating genetic laboratory test results and other diagnostic studies  
21           with personal and family medical history to assess and communicate risk factors for  
22           genetic and medical conditions and diseases.

23           (e) Explaining the clinical implications of genetic laboratory tests and other  
24           diagnostic studies and their results.

25           (f) Evaluating the client's or family's responses to the condition or risk of  
26           recurrence and providing client-centered counseling and anticipatory guidance.

27           (g) Identifying and utilizing community resources that provide medical,  
28           educational, financial, and psychosocial support and advocacy.

1           (h) Providing written documentation of medical, genetic, and counseling  
2           information for families and healthcare professionals.

3           (6) "Genetic counselor" means an individual who is licensed pursuant to this  
4           Part to provide genetic counseling.

5           (7) "Genetic supervision" refers to the assessment by an individual who is  
6           licensed pursuant to this Part or a physician who is licensed pursuant to Part I of this  
7           Chapter.

8           §1360.102. Louisiana Genetic Counselor Advisory Committee; creation; purpose;  
9           membership; duties and functions

10           A. The Genetic Counselor Advisory Committee is hereby created and shall  
11           have the purpose, composition, duties, and functions provided in this Section.

12           B. The purpose of the advisory committee is to advise and make  
13           recommendations to the board regarding the practice of genetic counseling, including  
14           the collaborative practice agreement, and genetic counselor licensure.

15           C.(1) The advisory committee shall be composed of five persons appointed  
16           by the governor, each of whom shall have at least one of the following qualifications:

17           (a) Possesses a master's degree from a genetic counseling training program  
18           accredited by the Accreditation Council for Genetic Counseling.

19           (b) Possesses a doctoral degree from a medical genetics training program  
20           accredited by the American Board of Medical Genetics or its successor.

21           (c) Is a genetic counselor certified by the American Board of Genetic  
22           Counseling or the American Board of Medical Genetics, or the successor of these  
23           entities.

24           (d) Is a medical geneticist certified by the American Board of Medical  
25           Genetics or its successor.

26           (2) The members of the initial advisory committee shall serve for the  
27           following terms, as determined by lot: one member for a term of two years, two  
28           members for terms of three years, and two members for terms of four years.  
29           Thereafter, each term shall be for four years.

1           (3) Each member of the advisory committee shall be a resident of this state.

2           (4) No member shall be appointed to more than two consecutive full terms.

3           A member appointed for less than a full term may serve two full terms in addition  
4           to such part of a full term. A former member shall be eligible for appointment after  
5           a lapse of one year.

6           (5) A vacancy occurring on the advisory committee for any reason shall be  
7           filled in the same manner as the original appointment was made. Each member  
8           appointed to fill a vacancy shall serve for the unexpired term of his predecessor.

9           D. An advisory committee member may be removed by the governor for  
10          neglect of duty, misconduct, or malfeasance or misfeasance in office after a written  
11          notice of the charges against him and an opportunity to be heard. Upon the death,  
12          resignation, or removal for cause of any member of the committee, the governor  
13          shall fill the vacancy for the remainder of that member's year.

14          E. The committee shall, at its first meeting and annually thereafter, organize  
15          by electing from its membership a chairman, a vice-chairman, and a secretary. Those  
16          officers shall serve until their successors are elected and qualified.

17          F. The committee shall meet at least semiannually and shall hold additional  
18          meetings at the call of the chair or at such times as may be determined by the  
19          committee.

20          G. Advisory committee members shall serve without compensation but shall  
21          be reimbursed for actual and reasonable expenses incurred in the performance of  
22          their duties.

23          H. The advisory committee shall have all of the following duties:

24                 (1) To draft administrative rules and regulations for promulgation by the  
25                 board as are necessary to regulate the practice of genetic counseling.

26                 (2) To draft policy for consideration by the board.

27                 (3) To advise the board on budgetary matters with respect to genetic  
28                 counselor licensing.

1           (4) To receive, review, and recommend to the board the approval or  
2           disapproval of applications referred by the board for license issuance, renewal, and  
3           reinstatement.

4           (5) To retain records of its actions and proceedings in accordance with the  
5           Public Records Law, R.S. 44:1 et seq.

6           (6) To perform such other functions and duties as may be requested by the  
7           board to assist the board in implementing the provisions of this Part.

8           §1360.103. Collaborative practice agreement; requirements

9           A. Each genetic counselor licensed in accordance with the provisions of this  
10          Part shall enter into a collaborative practice agreement with a physician who agrees  
11          to work with and provide medical support to the genetic counselor.

12          B. The collaborative practice agreement shall be established as a formal  
13          written document that memorializes the relationship between the genetic counselor  
14          and the physician and establishes the criteria governing the genetic counselor's  
15          performance of each of the following functions:

16               (1) Ordering genetic tests or other tests for the purpose of diagnosing a  
17               medical condition or inherited disorder or determining the carrier status of one or  
18               more family members of the patient.

19               (2) Selecting the most appropriate, accurate, and cost-effective methods of  
20               diagnosis.

21          §1360.104. Louisiana State Board of Medical Examiners; regulation of genetic  
22          counseling

23          A. The board shall be responsible for enforcement of the provisions of this  
24          Part.

25          B. The board shall adopt rules in accordance with the Administrative  
26          Procedure Act that are consistent with the provisions of this Part, provide for  
27          enforcement of this Part, and regulate the conduct of the practice of genetic  
28          counseling. Such rules shall provide, without limitation, for all of the following:

29               (1) Issuing a license to an applicant who meets the requirements of this Part.

1           (2) Issuing a provisional temporary license to an applicant who is granted  
2           active candidate status by the American Board of Genetic Counseling. The  
3           provisional temporary license shall expire at the time of the expiration of  
4           board-eligible status as defined by the American Board of Genetic Counseling.

5           (3) Conducting hearings on proceedings to refuse to issue, renew, or revoke  
6           licenses or suspend, place on probation, censure, or reprimand persons licensed  
7           pursuant to this Part; and to refuse to issue, renew, or revoke licenses or suspend,  
8           place on probation, censure, or reprimand persons licensed pursuant to this Part.

9           (4) Maintaining rosters of the names and addresses of all licensees and all  
10          persons whose licenses have been suspended, revoked, or denied. These rosters shall  
11          be available upon written request and payment of the required fee.

12          (5) Reviewing and approving recommendations of the advisory committee  
13          which the board deems appropriate.

14          C. The board, in accordance with the authority provided in R.S. 37:1281,  
15          shall establish and collect fees for the purpose of administering the provisions of this  
16          Part in a manner established by its rules.

17          §1360.105. Genetic counselor; requirements for licensure

18          A. To qualify for licensure as a genetic counselor, an applicant shall do all  
19          of the following:

20               (1) Submit an application on a form developed by the board.

21               (2) Pay the license fee required by the board.

22               (3) Provide written evidence that he has earned at least one of the following  
23               degrees:

24                   (a) A master's degree from a genetic counseling training program accredited  
25                   by the Accreditation Council for Genetic Counseling.

26                   (b) A doctoral degree from a medical genetics training program accredited  
27                   by the American Board of Medical Genetics or its successor.

28               (4) Meet the examination requirement for certification as either of the  
29               following:

1           (a) A genetic counselor certified by the American Board of Genetic  
2           Counseling or the American Board of Medical Genetics, or the successor of these  
3           entities.

4           (b) A medical geneticist certified by the American Board of Medical  
5           Genetics or its successor.

6           B.(1) The board may issue a temporary license to an applicant who meets all  
7           of the following conditions:

8           (a) He meets all requirements for licensure pursuant to this Part except the  
9           examination for certification requirement set forth in Subsection A of this Section.

10          (b) He has an active candidate status for the certification.

11          (2) All of the following requirements and authorizations shall apply to an  
12          individual who is issued a temporary license pursuant to this Subsection:

13          (a) He shall apply for and take the next available examination for  
14          certification.

15          (b) He may practice under the temporary license only if directly supervised  
16          by a licensed genetic counselor or a physician who is licensed pursuant to Part I of  
17          this Chapter, and only in accordance with a genetic supervision contract.

18          (3) An individual who holds a temporary license issued pursuant to this  
19          Subsection and fails to pass the examination for certification provided for in  
20          Subsection A of this Section for the first time may reapply for a second temporary  
21          license. The board shall not issue a temporary license to an individual who has failed  
22          to pass the examination for certification more than one time.

23          (4) A temporary license issued pursuant to this Section expires upon the  
24          earliest of the following dates:

25          (a) The date on which the individual meets the applicable requirements of  
26          this Part and is issued a license.

27          (b) The date that is thirty days after the individual fails the examination for  
28          certification provided for in Subsection A of this Section.

29          (c) The date printed on the temporary license.

1           (5) An individual who is issued a temporary license pursuant to this  
2           Subsection shall inform the board of the results of the his examination for  
3           certification provided for in Subsection A of this Section.

4           C. The board may issue a license to an individual who meets all of the  
5           following qualifications and requirements:

6           (1) He is licensed, certified, or registered in another state or territory of the  
7           United States that has requirements determined by the board to be substantially  
8           equivalent to the requirements specified in this Part.

9           (2) His license is in good standing in the other state or territory in which he  
10          is licensed.

11          (3) He applies in the manner required by the board.

12          (4) He pays an application fee required by the board.

13          §1360.106. Exceptions to licensure requirement

14          A. The following persons are not required to be licensed in accordance with  
15          this Part:

16          (1)(a) A physician who is licensed pursuant to Part I of this Chapter.

17          (b) No physician shall use the title "genetic counselor" or any other title that  
18          indicates that he is a genetic counselor unless he is licensed in accordance with this  
19          Part.

20          (2) A student or an intern from an accredited school who is participating in  
21          a supervised genetic counseling training program.

22          (3) An individual from another state who is certified by the American Board  
23          of Medical Genetics or the American Board of Genetic Counseling when providing  
24          a true consultation as defined by rules of the board.

25          §1360.107. Expiration of license; renewal; fee; expired license

26          A. A license issued by the board shall be subject to annual renewal and shall  
27          expire and become null and void unless renewed in the manner prescribed by the  
28          board.

1           B. To renew a license, a genetic counselor shall pay a renewal fee required  
2           by the board not later than the expiration date of the license, and meet all other  
3           requirements for renewal provided in this Part.

4           C. If an individual fails to pay a renewal fee on or before the expiration date  
5           of a license, the license shall become invalid without further action by the board.

6           D.(1) To renew a license issued in accordance with this Part, an applicant  
7           shall satisfy at least one of the following continuing education requirements:

8           (a) Completion of at least twenty-five contact hours that have been approved  
9           by the National Society of Genetic Counselors.

10          (b) Successful completion of a reading assignment and proctored  
11          examination in medical genetics provided by the American Board of Medical  
12          Genetics.

13          (c) Completion of such other continuing education as may be recommended  
14          by the advisory committee, approved by the board, and defined in rules of the board.

15          (2) An applicant seeking renewal of a license shall certify to the board either  
16          of the following:

17          (a) That he has complied with the continuing education requirement  
18          provided for in this Subsection.

19          (b) That he has not complied with the continuing education requirement  
20          provided for in this Subsection but is seeking a waiver of such requirement from the  
21          board as provided in Subsection E of this Section.

22          E. The board may grant an applicant seeking renewal of a license a waiver  
23          from all or part of the continuing education requirement for the renewal period if the  
24          applicant was not able to fulfill the requirement due to a hardship that resulted from  
25          any of the following conditions:

26          (1) Service in the armed forces of the United States during a substantial part  
27          of the renewal period.

28          (2) An incapacitating illness or injury.

29          (3) Other circumstances as determined by the board.

1        §1360.108. Improper and unprofessional conduct

2                A. The board may, after a hearing conducted pursuant to the Administrative  
3        Procedure Act, or by consent of the parties deny or refuse to issue, revoke, suspend,  
4        or cancel a license or place on probation, reprimand, censure, or otherwise discipline  
5        a licensee upon proof satisfactory to the board that the person has done or been any  
6        of the following:

7                (1) He has obtained or attempted to obtain a license by fraud or deception.

8                (2) He has been convicted of a felony under state or federal law or  
9        committed any other offense involving moral turpitude.

10               (3) He has been adjudged to have a mental illness or incompetent by a court  
11        of competent jurisdiction.

12               (4) He has used illicit drugs or intoxicating liquors to the extent which  
13        adversely affects his practice.

14               (5) He has engaged in unethical or unprofessional conduct including, without  
15        limitation, willful acts, negligence, or incompetence in the course of professional  
16        practice.

17               (6) He has violated any lawful order, rule, or regulation rendered or adopted  
18        by the board.

19               (7) He has been refused issuance of a license or been disciplined in  
20        connection with a license issued by any other state or country, or has surrendered a  
21        license issued by another state or country when criminal or administrative charges  
22        are pending or threatened against him.

23               (8) He has refused to submit to an examination and inquiry by an examining  
24        committee of physicians appointed by the board to inquire into his physical or mental  
25        fitness and ability to practice as a genetic counselor with reasonable skill or safety.

26               (9) He has practiced or otherwise engaged in conduct or functions beyond  
27        the scope of genetic counseling as defined by this Part.

28               B. Any license suspended, revoked, or otherwise restricted may be reinstated  
29        by the board.

1           C. The final decision of the board in an adjudication proceeding pursuant to  
2           this Section, other than by agreement or other informal disposition, shall constitute  
3           a public record.

4           §1360.109. Unlawful practice; injunctive relief; penalty

5           A. An individual who does not have a valid license or temporary license as  
6           a genetic counselor issued in accordance with this Part may not use the title "genetic  
7           counselor", "licensed genetic counselor", or any word, letter, abbreviation, or  
8           insignia that indicates or implies that he has been issued a license or has met the  
9           qualifications for licensure established by this Part.

10           B.(1) If the board believes that a person has engaged in or is going to engage  
11           in an act or practice that constitutes or will constitute a violation of this Section, the  
12           board may apply to a district court of appropriate jurisdiction for an order enjoining  
13           the act or practice.

14           (2) If the board determines that a person has engaged in or is going to engage  
15           in an act or practice that constitutes or will constitute a violation of this Section, a  
16           district court of appropriate jurisdiction may grant an injunction, a restraining order,  
17           or another appropriate order relative to the prohibited act or practice.

18           C. Any person who violates this Section shall, upon conviction, be guilty of  
19           a misdemeanor punishable by a fine not to exceed one thousand dollars for the first  
20           offense and two thousand dollars for each subsequent offense. In addition to any  
21           other penalty imposed for a violation of this Section, the board may petition a district  
22           court of appropriate jurisdiction to enjoin the person who violates this Section from  
23           practicing genetic counseling.

24           §1360.110. Protected actions and communication

25           A. There shall be no liability on the part of and no action for damages  
26           against any member of the board, or any agent or employee of the board, in any civil  
27           action for any act performed in good faith in the execution of his duties in  
28           accordance with this Part.

1           B. No person, committee, association, organization, firm, or corporation  
 2           shall be held liable for damages pursuant to any law of this state or any political  
 3           subdivision thereof for providing information to the board without malice and under  
 4           the reasonable belief that such information is accurate, whether providing such  
 5           information as a witness or otherwise.

6           §1360.111. Rulemaking

7           The board shall promulgate all rules in accordance with the Administrative  
 8           Procedure Act as are necessary for the regulation of the profession of genetic  
 9           counseling in accordance with the provisions of this Part.

HB 753 Engrossed

2018 Regular Session

Stokes

**Abstract:** Establishes the licensed profession of genetic counselor in La.

Proposed law establishes the licensed profession of genetic counselor in La. and provides for licensure of genetic counselors by the La. State Board of Medical Examiners.

Proposed law defines "genetic counseling" as any of the following actions by a genetic counselor that occur through and as a result of communication between the genetic counselor and a patient:

- (1) Obtaining and evaluating individual, family, and medical histories to determine genetic risk for genetic or medical conditions and diseases in a patient, his offspring, and other family members.
- (2) Discussing the features, natural history, means of diagnosis, genetic and environmental factors, and management of risk for genetic and medical conditions and diseases.
- (3) Identifying and coordinating genetic laboratory tests and other diagnostic studies as appropriate for the genetic assessment.
- (4) Integrating genetic laboratory test results and other diagnostic studies with personal and family medical history to assess and communicate risk factors for genetic and medical conditions and diseases.
- (5) Explaining the clinical implications of genetic laboratory tests and other diagnostic studies and their results.
- (6) Evaluating the client's or family's responses to the condition or risk of recurrence and providing client-centered counseling and anticipatory guidance.

- (7) Identifying and utilizing community resources that provide medical, educational, financial, and psychosocial support and advocacy.
- (8) Providing written documentation of medical, genetic, and counseling information for families and health care professionals.

Proposed law creates the Genetic Counselor Advisory Committee for the purpose of advising and making recommendations to the La. State Board of Medical Examiners regarding the practice of genetic counseling and genetic counselor licensure. Provides for composition, duties, and functions of the advisory committee.

Proposed law requires each genetic counselor licensed in accordance with proposed law to enter into a collaborative practice agreement with a physician who agrees to work with and provide medical support to the genetic counselor. Stipulates that the collaborative practice agreement shall memorialize the relationship between the genetic counselor and the physician and establish the criteria governing the genetic counselor's performance of each of the following functions:

- (1) Ordering genetic tests or other tests for the purpose of diagnosing a medical condition or inherited disorder or determining the carrier status of one or more family members of the patient.
- (2) Selecting the most appropriate, accurate, and cost-effective methods of diagnosis.

Proposed law requires the La. State Board of Medical Examiners, referred to hereafter as the "board", to adopt administrative rules which provide for all of the following:

- (1) Issuing a license to an applicant who meets the requirements of proposed law.
- (2) Issuing a provisional temporary license to an applicant who is granted active candidate status by the American Board of Genetic Counseling.
- (3) Conducting hearings on proceedings to refuse to issue, renew, or revoke licenses or suspend, place on probation, censure, or reprimand persons licensed pursuant to proposed law; and to refuse to issue, renew, or revoke licenses or suspend, place on probation, censure, or reprimand persons licensed pursuant to proposed law.
- (4) Maintaining publicly available rosters of the names and addresses of all licensees and all persons whose licenses have been suspended, revoked, or denied.
- (5) Reviewing and approving recommendations of the advisory committee which the board deems appropriate.

Proposed law provides that in order to qualify for licensure as a genetic counselor, an applicant shall do all of the following:

- (1) Submit an application on a form developed by the board.
- (2) Pay the license fee required by the board.
- (3) Provide written evidence that he has earned at least one of the following degrees:
  - (a) A master's degree from a genetic counseling training program accredited by the Accreditation Council for Genetic Counseling.
  - (b) A doctoral degree from a medical genetics training program accredited by the American Board of Medical Genetics or its successor.

- (4) Meet the examination requirement for certification as either of the following:
- (a) A genetic counselor certified by the American Board of Genetic Counseling or the American Board of Medical Genetics, or the successor of these entities.
  - (b) A medical geneticist certified by the American Board of Medical Genetics or its successor.

Proposed law authorizes the board to issue a temporary license to applicants who meet conditions specified in proposed law

Proposed law authorizes the board to issue a license to an individual who meets all of the following qualifications and requirements:

- (1) He is licensed, certified, or registered in another state or territory of the U.S. that has requirements determined by the board to be substantially equivalent to the requirements specified in proposed law.
- (2) His license is in good standing in the other state or territory in which he is licensed.
- (3) He applies in the manner required by the board.
- (4) He pays an application fee required by the board.

Proposed law stipulates that the following persons are not required to be licensed in accordance with proposed law:

- (1) A physician who is licensed pursuant to present law. Stipulates that no physician shall use the title "genetic counselor" or any other title that indicates that he is a genetic counselor unless he is licensed in accordance with proposed law.
- (2) A student or an intern from an accredited school who is participating in a supervised genetic counseling training program.
- (3) An individual from another state who is certified by the American Board of Medical Genetics or the American Board of Genetic Counseling when providing a true consultation as defined by rules of the board.

Proposed law provides conditions and procedures for renewal of licenses, including fees therefor.

Proposed law authorizes the board, after an administrative hearing conducted in accordance with applicable requirements of present law, or by consent of the parties, to deny or refuse to issue, revoke, suspend, or cancel a license or place on probation, reprimand, censure, or otherwise discipline a licensee upon proof satisfactory to the board that the person has done or been any of the following:

- (1) He has obtained or attempted to obtain a license by fraud or deception.
- (2) He has been convicted of a felony under state or federal law or committed any other offense involving moral turpitude.
- (3) He has been adjudged to have a mental illness or incompetent by a court of competent jurisdiction.
- (4) He has used illicit drugs or intoxicating liquors to the extent which adversely affects his practice.

- (5) He has engaged in unethical or unprofessional conduct including, without limitation, willful acts, negligence, or incompetence in the course of professional practice.
- (6) He has violated any lawful order, rule, or regulation rendered or adopted by the board.
- (7) He has been refused issuance of a license or been disciplined in connection with a license issued by any other state or country, or surrendered a license issued by another state or country when criminal or administrative charges are pending or threatened against him.
- (8) He has refused to submit to an examination and inquiry by an examining committee of physicians appointed by the board to inquire into his physical or mental fitness and ability to practice as a genetic counselor with reasonable skill or safety.
- (9) He has practiced or otherwise engaged in conduct or functions beyond the scope of genetic counseling as defined by proposed law.

Proposed law provides that the final decision of the board in an adjudication proceeding, other than by agreement or other informal disposition, shall constitute a public record.

Proposed law prohibits individuals who do not have a valid license or temporary license as a genetic counselor from using the title "genetic counselor", "licensed genetic counselor", or any word, letter, abbreviation, or insignia that indicates or implies that he has been issued a license or has met the qualifications for licensure established by proposed law.

Proposed law provides that if the board believes a person has engaged in or is going to engage in an act or practice that constitutes or will constitute a violation of proposed law, the board may apply to a district court of appropriate jurisdiction for an order enjoining the act or practice. Provides that if the board determines a person has engaged in or is going to engage in such a prohibited act or practice, a district court of appropriate jurisdiction may grant an injunction, a restraining order, or another appropriate order relative to the prohibited act or practice.

Proposed law provides that a violation of proposed law shall be a misdemeanor punishable by a fine not to exceed \$1,000 for the first offense and \$2,000 for each subsequent offense. Provides that in addition to any other penalty imposed for a violation of proposed law, the board may petition a district court of appropriate jurisdiction to enjoin the person who violates proposed law from practicing genetic counseling.

Proposed law stipulates that there shall be no liability on the part of and no action for damages against any member of the board, or any agent or employee of the board, in any civil action for any act performed in good faith in the execution of his duties in accordance with proposed law. Stipulates further that no person, committee, association, organization, firm, or corporation shall be held liable for damages pursuant to present law for providing information to the board without malice and under the reasonable belief that such information is accurate, whether providing such information as a witness or otherwise.
