EXPENDITURE EXPLANATION

Proposed law will transfer an amount equal to as much as 5% of the current FY 18 appropriation level from specified statutory and constitutional dedications into the SGF during FY 19 as permitted in Article VII, Section (10)(F)(2)(b) of the Constitution. This will make approximately \$23.1 M available for the general appropriation purposes in FY 19 from the SGF and result in an equal reduction from specified statutory and constitutional dedications as enumerated in proposed law. Enactment of proposed law will require a reduction to appropriations made from the specified statutory and constitutional dedications currently reflected in House Bill 1 Original as of 4/11/18.

NOTE: Some of the specified statutory and constitutional dedications may fall under exemptions offered under Article VII, Section 10(F)(4) of the Constitution. Testimony during Senate Finance Committee indicated that any such conflicts, if present, would be identified and addressed throughout the legislative process and before enactment.

REVENUE EXPLANATION

Proposed law would result in increased deposits into the SGF of approximately \$23.1 M in FY 19 and a corresponding decrease in specified statutory and constitutional dedications in an amount equal to as much as 5% of the current FY 18 appropriation.

Proposed law provides that the trigger mechanism detailed in Article VII, Section 10(F)(2)(b) of the Constitution has been met with the official forecast of recurring revenues for FY 19 exceeding one percent less than the official forecast for the current year, allowing an amount not to exceed five percent of the total appropriations for FY 18 from any fund established by law or the Constitution of Louisiana to be available for expenditure in FY 19 for a purpose other than as specifically provided by law or the Constitution of Louisiana.
