Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 17:236.3 is hereby enacted to read as follows:

§236.3. Virtual School; definition

"Virtual school" means a public school, including a charter school, which has a unique site code assigned by the state Department of Education and which delivers all or a majority of the instruction provided through the internet or other electronic medium such that a student is not necessarily required to be at a specific location in order to receive instruction from a teacher. This does not preclude the ability of the school to include traditional classroom-based instruction or to host face-to-face meetings, including field trips, extracurricular activities, conferences between a student, parents, and teachers, or other related activities or events. However, a school that delivers all or a majority of the instruction provided through the internet or other electronic medium and

1 **requires students to be in daily attendance at a specified location to receive such**
2 **instruction shall not be considered a virtual school.**

3 Section 2. This Act shall become effective upon signature by the governor or, if not
4 signed by the governor, upon expiration of the time for bills to become law without signature
5 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
6 vetoed by the governor and subsequently approved by the legislature, this Act shall become
7 effective on the day following such approval.

2018 Regular Session

Boudreaux

Proposed law defines "virtual school" as a public school, including a charter school, which has a unique site code assigned by the state Department of Education and which delivers all or a majority of the instruction provided through the internet or other electronic medium such that a student is not necessarily required to be at a specific location in order to receive instruction from a teacher. Allows a virtual school to include traditional classroom-based instruction or to host face-to-face meetings, including field trips, extracurricular activities, conferences between a student, parents, and teachers, or other related activities or events. Excludes a school that delivers all or a majority of the instruction provided through the internet or other electronic medium and requires students to be in daily attendance at a specified location to receive such instruction from the definition of "virtual school".

Effective upon signature of the governor or lapse of time for gubernatorial action.
