

RÉSUMÉ DIGEST

ACT 155 (SB 337)

2018 Regular Session

Riser

Prior law (R.S. 3:4601 et sq.) provided for the Louisiana Weights and Measures Law, which sets the standards and requirements for the sale of all agriculture commodities. Further required the Department of Agriculture and Forestry to supervise the weights, measures, and weighing and measuring devices offered for sale, sold, and used in the state.

New law retains prior law.

New law exempts the sale of shelled field corn from the Louisiana Weights and Measures Law if the net weight of the shelled field corn is verified by a National Type Evaluation Program (NTEP) certified scale prior to distribution of the corn.

Effective August 1, 2018.
