Bill Header: RETIREMENT SYSTEMS: Provides for the Public Retirement Systems' Actuarial Committee.

Cost Summary:

The estimated actuarial and fiscal impact of SB 13 on the retirement systems and their plan sponsors is summarized below. Actuarial costs pertain to estimated changes in the *actuarial present value of future benefit payments*. Fiscal costs or savings pertain to changes to all cash flows over the next five year period including retirement system cash flows, OPEB cash flows, or cash flows related to other government entities.

An increase in actuarial costs is denoted throughout the actuarial note by "Increase" or a positive number. Actuarial savings are denoted by "Decrease" or a negative number. An increase in expenditures or revenues (fiscal impact) is denoted by "Increase" or a positive number. A decrease in expenditures or revenues is denoted by "decrease" or a negative number.

Estimated Actuarial Impact:

The top part of the following chart shows the estimated change in the *actuarial present value of future benefit payments and expenses*, if any, attributable to the proposed legislation. The bottom part shows the effect on cash flows.

| Actuarial Costs Pertaining to: | | <u>Actuarial Cost</u> |

Bill Information

Current Law

Current law provides that the Public Retirement Systems' Actuarial Committee (PRSAC) was created within the Department of the Treasury. The chair and vice-chair of PRSAC are members of the committee elected biennially by committee members. No member may serve a chair or vice-chair for more than four consecutive years.

Proposed Law

SB 13 removes PRSAC from the Department of Treasury; it is not re-assigned to any department. However, SB 13 does establish PRSAC as the public retirement and pension system advisor of the Legislature of Louisiana.

SB 13 provides that the only members of PRSAC who may serve as the chair and vice chair are the president of the Senate, or his designee, or the Speaker of the House, or his designee. The President of the Senate, or his designee, will begin to serve as chair on July 1, 2018. The Speaker of the House, or his designee, will begin to serve as vice-chair on the same date.

SB 13 provides that PRSAC may elect any other officers as it deems advisable. No such officer may serve in an office for more than four consecutive years.

Implications of the Proposed Changes

Governance associated with PRSAC is reconfigured.

**2018 REGULAR SESSION
ACTUARIAL NOTE SB 13**

I. ACTUARIAL ANALYSIS SECTION

**A. Analysis of Actuarial Costs
(Prepared by the LLA)**

This section of the actuarial note pertains to actuarial costs or savings associated with the retirement systems, with OPEB, and with other government entities.

1. Retirement Systems

The actuarial present value cost of SB 13 associated with the retirement systems is expected to be \$0. Our analysis is summarized below.

The removal of PRSAC from the Department of Treasury, the identification of PRSAC as an advisor to the legislature, the change in rules regarding who may serve as chair and vice chair and the change of rules regarding other officers elected by PRSAC do not have any effect on actuarial or administrative costs.

2. Other Post-Employment Benefits (OPEB)

The actuarial present value cost of SB 13 associated with OPEB, including retiree health insurance premiums, is estimated to be \$0. Our analysis is summarized below.

The liability for post-retirement medical insurance protection provided to retirees is not affected by the removal of PRSAC from being within the Department of Treasury, the change in rules for officers, or the identification of PRSAC as an advisor to the legislature.

3. Other Government Entities

The actuarial cost of SB 13 associated with government entities other than the 13 state and statewide retirement systems, is estimated to be \$0.

**B. Actuarial Data, Methods and Assumptions
(Prepared by the LLA)**

Unless indicated otherwise, the actuarial note for SB 13 was prepared using actuarial data, methods, and assumptions as disclosed in the most recent actuarial valuation report adopted by PRSAC. The data, methods and assumptions are being used to provide consistency with the actuary for the retirement system who may also be providing testimony to the Senate and House retirement committees.

**C. Actuarial Caveat
(Prepared by the LLA)**

There is nothing in SB 13 that will compromise the signing actuary's ability to present an unbiased statement of actuarial opinion.

II. FISCAL ANALYSIS SECTION

Tables A, B, C, and D have been prepared by the LLA. These tables include information developed by the LLA from its own sources as well as information supplied by Tanesha Morgan of the Legislative Fiscal Office (LFO). Table D includes all costs and savings pertaining to Louisiana government.

The LFO has requested that the information supplied by Tanesha Morgan be included in the actuarial note verbatim and without any changes. This information is shown below under Fiscal Costs Received by the LLA from the LFO. The reader should note that complete fiscal cost information is contained within Table D. Fiscal costs developed by the LFO only reflect the portion of Table D that was supplied by the LFO.

Table A pertains to fiscal costs or savings associated with the retirement systems; Table B pertains to OPEB; Table C1 and C2 pertain to fiscal costs associated with government entities other than the retirement systems and sponsors. Table D is the cumulative sum of Tables A, B, C1 and C2.

**A. Estimated Fiscal Impact – Retirement Systems
(Prepared by LLA using information supplied by the LFO)**

1. Narrative

Table A shows the estimated fiscal impact of the proposed legislation on the retirement systems and the government entities that sponsor them. Fiscal costs and savings include both administrative and actuarial costs and savings. A fiscal cost is denoted by "Increase" or a positive number. Fiscal savings are denoted by "Decrease" or a negative number. A revenue increase is denoted by "Increase" or a positive number. A revenue decrease is denoted by "Decrease" or a negative number.

**C. Estimated Fiscal Impact: Other Government Entities (unrelated to the retirement systems or OPEB)
(Prepared by the LLA using information supplied by the LFO)**

1. Narrative

From time to time, legislation is proposed that has an indirect effect on cash flows associated with other government entities, unrelated to the retirement systems or OPEB. Table C shows the estimated fiscal impact (administrative and actuarial) of SB 13 on such government entities. Table C1 pertains to the state retirement systems. C2 is applicable to the statewide systems. A fiscal cost is denoted by “Increase” or a positive number. Fiscal savings are denoted by “Decrease” or a negative number.
