Digest of Bill as Finally Passed by Senate

Present law requires that the magistrate or judge of the court exercising jurisdiction immediately forward to the Dept. of Public Safety and Corrections notice of failure to appear with information necessary for identification of the arrested person, which automatically results in the suspension of an operator's license.

Proposed law authorizes the magistrate or judge, at his discretion, to determine whether to suspend or place a hold on the renewal of the operator's license of the arrested person and requires notice include an indication of whether a suspension or hold on renewal should be placed on the operator's license but otherwise retains present law.
