Require BESE to establish criteria whereby a teacher may be issued a dyslexia practitioner or dyslexia therapist ancillary certificate. (gov sig)

Present law provides for every child in public school in Kindergarten through 3rd grade to be screened at least once for existence of impediments to a successful school experience, including dyslexia and related disorders, attention deficit disorder, and social and environmental factors and provides that such screening shall be done by appropriately trained personnel. Proposed law requires the state board of elementary and secondary education (BESE) to develop criteria, in addition to that defined in proposed law, whereby a teacher may be issued a dyslexia practitioner or dyslexia therapist ancillary certificate.

Effective upon governor's signature.

**EXPENDITURE EXPLANATION**

There is no impact to the Department of Education (LDE) to develop criteria for the ancillary certificates. There could be increased expenditures for individual schools that opt to require these certificates and which provide incentives such as stipend or salary differentials for those teachers. The bill does not create a mandatory license and the LDE indicates this would be an optional certificate.

**REVENUE EXPLANATION**
