 - (a) City and parish school systems
 - (b) Recovery School District schools, both operated and Type 5 charter schools
 - (c) State-approved public schools, including New Type 2 charter schools.
- (3) Maintains the existing weight of 22% for add-on student units for at-risk and English language learner students.
- (4) Maintains the existing weight of 6% for Career and Technical Education course units.
- (5) Maintains the existing weight of 150% for Special Education Students with disabilities.
- (6) Maintains the 60% existing weight for Gifted and Talented Students.
- (7) Maintains the Economy of Scale curvilinear weight of 20% for school systems with a student membership of less than 7,500.

Retains State and Local Base Cost Per Pupil amount of \$3,961.

Continues to specify the proportion of the costs supported by the state and local school systems as follows:

- (1) Retains provisions that the calculation of the state and local school system share of the total MFP cost includes a property tax revenue contribution, a sales tax revenue contribution, and other local revenue contributions. Maintains a state and local allocation ratio of 65%/35%.
- (2) Retains provisions specifying that in no event shall the state share of the total Level 1 costs be less than 25% for any district.

Level 2 - Incentive for Local Effort

Provides an incentive for city and parish school systems to support education in their communities above the minimum level of financial support required.

- (1) Retains provisions to provide rewards to school districts that contribute a greater proportion of local revenue towards the cost of education by increasing local property and sales tax revenues.
- (2) Continues to limit the revenue eligible for reward to the total state and local cost multiplied by 34%.
- (3) Continues provision that the Level 2 Reward Factor determines the amount of local support required in Level 2. Maintains the Level 1 Reward Factor at 1.72.
