Subject: Sales Tax: Retain 0.33% Levy, Standardize/Broaden Base

TAX/SALES-USE, STATE RE +\$363,000,000 GF RV See Note Page 1 of 1
 Subjects all sales & use tax levies in FY19 and beyond to a broader, more uniform tax base through FY 2023, and retains 0.33% of the temporary sales & use tax through FY 2023. (Item #22)

Present law subjects certain transactions to sales and use tax via levies in R.S. 47:302 (2%), 47:321 (1%), 47:331 (0.97%), and 47:321.1 (1%). Each levy is subject to a particular list of exemptions and exclusions, some of which are temporarily suspended through FY18. R.S. 51:1286 levies an additional three hundredths of one percent sales and use tax on all transactions covered by R.S. 47:331, and allocates the proceeds to the LA Tourism Promotion District (TPD). The levy in R.S. 47:321.1 (1%) will expire on June 30, 2018. Certain business utilities are taxed at 1% until March 31, 2019, at which time they will become fully exempt.

Proposed law removes and/or sunsets certain exemptions and exclusions to the levies such that the taxable base for all levies will be identical for FY19-FY23. Proposed law retains the temporary levy of 1% in R.S. 47:321.1 at a rate of one-third of a percent (0.33%) through June 30, 2023. Proposed law additionally provides that certain business utilities will be exempt from certain levies through FY23. Effective July 1, 2018.

REVENUE EXPLANATION

Proposed law generally eliminates exemptions and exclusions as defined in R.S. Title 47 and applies a uniform list of exemptions and exclusions to each levy for FY19-FY23. It retains the temporary levy in R.S. 47:321.1 and reduces the rate to 0.33%, starting July 1, 2018. The total tax rate applying to transactions in the uniform base will be 4.33%; 4.3% to the state General Fund, and 0.03% to the Louisiana Tourism Promotion District (TPD). After FY23, the total rate will be 4.0%.

Purchases of utilities made by businesses will be exempt from all levies other than R.S. 47:302 (2%), and subject to a total rate of 2%.

Based on reported sales and tax receipts by sales tax remitters since April 2016, proposed law will increase total revenue by an estimated \$365 million in FY19 (\$363 million General Fund + \$2 million TPD), relative to current law in FY19.

Current law provides that certain business utilities will be taxed at 1% for 9 months of FY19. Proposed law replaces this provision, which will diminish the revenue gain by approximately \$36 million in FY19 only. In FY20 and all years following, business utilities will generate an additional \$36 million, resulting in \$96 million total from business utilities, and a total revenue impact of \$401 million (\$399 million General Fund + \$2 million TPD).

Increased collections under the 0.03% levy applied by R.S. 51:1286 (LA Tourism Promotion District) account for the revenue increase to the Ded./Other revenues in the table above.

The most significant revenue-generating items in FY19 are listed below (totals may not match table above due to rounding):
 Applying 0.33% levy to the bill's tax base (excluding motor vehicles and business utilities): \$257 mil
 Business Utilities- 2%: \$60 mil
 Applying 0.33% levy to motor vehicle purchases: \$33 mil
 Removing exemptions from 4% of levies (approx. 100 items, all less than \$5 mil each): \$15 mil
