

RÉSUMÉ DIGEST

ACT 76 (HB 255)

2018 Regular Session

Falconer

Existing law (R.S. 44:1 et seq.—Public Records Law) provides that all books, records, writings, accounts, letters and letter books, maps, drawings, photographs, cards, tapes, recordings, memoranda, and papers, and all copies, duplicates, photographs, including microfilm, or other reproductions thereof, or any other documentary materials, regardless of physical form or characteristics, including information contained in electronic data processing equipment, having been used, being in use, or prepared, possessed, or retained for use in the conduct, transaction, or performance of any business, transaction, work, duty, or function which was conducted, transacted, or performed by or under the authority of the constitution or laws of the state, or by or under the authority of any ordinance, regulation, mandate, or order of any public body or concerning the receipt or payment of any money received or paid by or under the authority of the constitution or the laws of the state are "public records". Establishes a framework for the ready availability of public records to requesting persons and specifically provides that it is the duty of the custodian of the public records of a public entity or agency to provide copies to persons so requesting. Provides for certain exceptions, exemptions, and limitations.

New law adds an exception to the Public Records Law for records, writings, accounts, recordings, letters, exhibits, pictures, drawings, charts, photographs, memoranda, reports, examinations, or evaluations, or copies thereof, in the custody or control of the State Bd. of Architectural Examiners concerning the fitness of any person to receive or continue to hold a license or certificate of registration to practice architecture. Provides, however, that any such record may be released to the public in an administrative proceeding before the board and that any final determination made by the board relative to the fitness of any person to receive or continue to hold a license or certificate of registration to practice architecture and any legal grounds upon which such determination is based shall be a public record.

Effective upon signature of governor (May 10, 2018).
