Page 1 of 1

Present law suspends certain sales and use tax exemptions, subjecting purchases during the Annual Louisiana Sales Tax Holiday (R.S. 47:305:54) and Hurricane Preparedness Sales Tax Holiday (R.S. 47:305.58) to the full 4.45% state-level rate through July 1, 2025, at which time these purchases will become fully exempt.

Proposed law provides that the exemptions under these sales tax holidays would be reinstated, and fully exempt from the total rate of 4.45% of state sales and use tax.

Effective July 1, 2019.

**EXPENDITURE EXPLANATION**

LDR reports that the proposal will incur programming, testing, and system development costs to reprogram revenue accounting, amounting to approximately \$25,680 in staff-time IT costs.

**REVENUE EXPLANATION**

Proposed law provides that the suspended sales tax holidays in R.S. 47:305:54 and 47:305.58 would be reinstated, and that these purchases would be fully exempt from state sales and use tax. As sales tax data reported for these holidays has fluctuated significantly in recent years, the estimate of the impact of proposed law is based on a multi-year average of recent sales tax holiday data.

Estimated sales associated with these sales tax holidays totals approximately \$96.8 million per year, implying a state revenue loss of \$4.3 million per year at a 4.45% tax rate. This revenue loss is depicted as entirely state general fund in the table above, but small amounts of loss (roughly 1% of the total) will occur to the Tourism Promotion District allocation and economic development dedications, as well.
