Repeals the Boll Weevil Eradication Fund and assessments on cotton producers and provides for the disposition of funds. (gov sig)

Proposed law repeals **present laws** (R.S. 3:1613, 1615, 1616, and 1617). R.S. 3:1613 provides for a voluntary assessment on cotton producers to offset the cost of boll weevil suppression or eradication programs, including but not limited to all costs of any regulatory and enforcement activities of the department. R.S. 3:1615 creates the Boll Weevil Eradication Fund within the state treasury and provides for the disposition of all assessments, fees, penalties, and other funds. R.S. 3:1616 subjects cotton producers to a per acre penalty for failure to pay assessments levied under present law. R.S. 3:1617 requires the commissioner to place a lien on cotton, or its proceeds, for the payment of assessments and further authorizes the commissioner to issue executions for the collections of such assessments. **Proposed law** provides that any monies remaining in the Boll Weevil Eradication Fund shall be transferred to the Horticulture and Quarantine Fund. Further provides that all fees, penalties, and other funds received pursuant to **present law** shall be deposited into the Horticulture and Quarantine Fund. **Proposed law** removes all references to assessments.
