2 imposed by the local governmental subdivision's transportation network company
3 ordinance as of March 1, 2019, on each intrastate prearranged ride originating within

5 Subsection shall be construed to allow a local governmental subdivision to impose
6 any fees or requirements other than the per-trip fee specified in this Subsection.

7 B. Any local governmental subdivision not included in Subsection A of this
8 Section may impose a fee of up to one percent of the gross trip fare for each
9 intrastate prearranged ride. A local governmental subdivision that imposes a per-trip
10 fee pursuant to Subsection A of this Section shall not impose a fee pursuant to this
11 Subsection. Nothing in this Subsection shall be construed to allow a local
12 governmental subdivision to impose any fees or requirements other than the fee
13 specified in this Subsection.

14 C. A local governmental subdivision authorized to impose a fee pursuant to
15 Subsection B of this Section may impose the specified fee that complies with
16 Subsection B of this Section by passing an ordinance. The ordinance shall impose

28 effect until the first day of the month that is at least thirty days after passage of the
29 ordinance imposing the fee.

1 E. If a local governmental subdivision passes an ordinance imposing a fee
2 pursuant to this Section, a company shall collect the fee on behalf of drivers for each
3 intrastate prearranged ride. Each company shall remit the total fee to the local
4 governmental subdivision on a quarterly basis within thirty days after the end of the
5 calendar quarter.

6 F. The department shall have the sole audit authority with respect to fees
7 remitted by a company to a local governmental subdivision. A company shall keep
8 accurate books and records reflecting its accounting and payment of fees, pursuant
9 to this Section, in accordance with generally accepted accounting principles. For
10 each local governmental subdivision that passes an ordinance imposing a fee
11 pursuant to this Section, the department may, at its discretion, upon reasonable prior
12 written request, and no more than annually, conduct an audit by visually inspecting
13 a company's books and records related to its accounting and payment of fees to the
14 local governmental subdivision. Such an audit shall be limited to a single calendar
15 quarter, which may be chosen by the department, for each local governmental
16 subdivision. The department shall endeavor to have any such audits for a particular
17 company occur within the same calendar quarter. If the local governmental
18 subdivision has a reasonable basis to suspect a material underpayment by a company,
19 the local governmental subdivision shall request that the department initiate an audit
20 pursuant to this Subsection. If an underpayment of over fifty dollars to any local
21 governmental subdivision is identified in an audit conducted by the department, the
22 company shall remit the underpaid fees to the local governmental subdivision within
23 thirty days of the conclusion of the department's audit. A local governmental
24 subdivision shall not add additional audit authority by ordinance. Any record
25 furnished or disclosed to the department may, as appropriate, exclude information
26 that would identify specific drivers or riders.

27 G. The governing body of a local governmental subdivision may request to
28 review the results of an audit conducted pursuant to Subsection F of this Section with
29 respect to fees remitted by a company to the local governmental subdivision.

1 administration of this Act. The rules and regulations may be more stringent than the
 2 requirements set forth in this Act, provided that they are consistent with the requirements of
 3 this Act. Additionally, the department shall report to the Joint Legislative Committee on
 4 Transportation, Highways and Public Works for review and approval of any rules or
 5 regulations promulgated by the department.

Proposed law requires a company to suspend a driver's ability to accept trip requests through the company's digital network immediately upon receipt of a rider's complaint alleging a violation of the zero tolerance policy. Proposed law further requires the company to conduct an investigation into the reported incident and mandates that the suspension must last until the investigation is complete. Further provides that the governing body of a local governmental subdivision may request to review the results of an audit conducted pursuant to proposed law with respect to fees remitted by a company to the local governmental subdivision.

Proposed law provides that it is the intent of the legislature to provide for the uniformity of laws to govern transportation network companies, along with any rules promulgated by the department. Further provides restrictions to the governing authorities on imposing taxes, requiring a company to acquire a local business license or other type of authorization to operate, or subject a company to any rate, entry, operation, or other requirement, except as provided for in proposed law.

Proposed law provides that proposed law does not prohibit an airport from charging pick-up fees for the use of the airport's facilities or designating locations for staging, pick-up, and other similar operations at the airport.
