EXPENDITURE EXPLANATION

Proposed law will likely result in a decrease in SGF expenditures for the Department of Public Safety and Corrections - Corrections Services. The exact fiscal impact is indeterminable since it is not known how many offenders will be granted parole, even if eligible, as a result of the changes proposed by this bill. However, if an offender is granted parole, a savings of \$21.64 (\$24.39 per day in a local facility - \$2.75 per day cost for parole supervision) per day or \$57.34 (\$60.09 per day in a state facility - \$2.75 per day cost for parole supervision) per day will be realized.

NOTE: Data from Corrections indicate that there are 79 mentors. Of the 79 mentors, 30 are at least 40 years or older and have served 20 years or more. Of those 30, 12 currently meet the eligibility contained in proposed law.

REVENUE EXPLANATION

Proposed law will likely result in an increase of SGR by an indeterminable amount. Any additional offenders released to parole as a result of the proposed change would pay a monthly parole fee of up to \$63 per present law.
