DIGEST

SB 390 Engrossed

2020 Regular Session

Peterson

Present law provides for the Sewerage and Water board of New Orleans "board" to be composed as follows:

- (1) The mayor.
- (2) The chair of the Public Works, Sanitation and Environment Committee of the New Orleans City Council, a member of the committee appointed by the chair, or a civil engineer appointed by the chair. Any member appointed by the chair shall serve at the pleasure of the chair.
- (3) Two syndicate members of the board of liquidation, city debt, to be appointed by the mayor on the recommendation of the board of liquidation, city debt.
- (4) Seven citizens, to be appointed by the mayor, with the advice and consent of the city council from a list of nominees submitted by the Sewerage and Water Board Selection Committee.

Present law provides that the members appointed pursuant to (3) and (4) above shall include one citizen from each of the five council manic districts within the city of New Orleans. In addition, two of the appointments shall be consumer advocates with community advocacy or consumer protection experience or experience in a related field, and one of the appointments shall be a retired civil engineer.

Proposed law retains present law but eliminates the mandate that one of the appointments to the board must be a retired civil engineer.

Present law requires the advertisement and letting of a contract when the board purchases materials or supplies exceeding \$30,000 for the conduct, operation, maintenance, and repair of its systems.

Proposed law retains present law and provides that purchases of \$10,000 or more but less than \$30,000, must be made by obtaining at least three quotes by telephone, facsimile, email, or any other printable electronic form. Proposed law further provides for a written confirmation of the accepted offer must be obtained and made a part of the purchase file.

Present law provides for the board to do construction work on its public systems with its own forces when the amount of work involved in the project does not exceed a total value of \$150,000.

Proposed law retains present law but changes the contract limit at which projects must go to bid to the same limit as state projects which is tied to the Consumer Price Index. Current contract limit

requiring public bid is \$161,550.

Proposed law authorizes the board to contract with the lowest bidder after advertising for all public works contracts exceeding the legal limit.

Present law provides for the board to install and pay the cost to connect one sewer connection and one water connection extending from the respective main to the property line and from that point on, each must be made at the cost and expense of the owner of the property for a lot of record which existed prior to 1954.

Present law requires the property owner for all lots created after 1954, to bear all costs for connections extended from the sewer and water main to the property line, and any additional costs from the property line to on-site facilities must be installed and maintained at the cost of the property owner.

Proposed law provides that each property owner may contract with a licensed plumber in the state of Louisiana for the installation of connections and any subsequent work, however all such work shall be subject to the regulation, inspection, and control of the board. Proposed law further provides that if the work is performed by the board and a disruption of the water or sewer connection from the main to the property line is caused, the board will bear the cost of repairing the disrupted connection.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 33:4071(A)(1)(e), 4084(A)(1)(b) and (2) and (E), 4085(A) and (B), and 4090; adds R.S. 33:4084(A)(1)(c))

#### Summary of Amendments Adopted by Senate

##### Committee Amendments Proposed by Senate Committee on Local and Municipal Affairs to the original bill

1. Removes provisions relative to quarterly reports.
