EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. Proposed law requires that the unfunded accrued liability (UAL) of the state public retirement systems existing as of June 30, 1988, for each agency shall be contained in an appendix to the General Appropriation Bill. The Division of Administration, Office of Planning and Budget (OPB) reports that any changes needed to comply relative to the printing of the budget document and appropriations bill is likely insignificant. Proposed law will require these UAL expenditures by budget unit to be submitted as an appendix to the general appropriation bill. The information required in proposed law has historically been submitted in the Executive Budget Supporting Document (except for the FY 20 and FY 21 budget recommendations).

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
