HB 93

2020 Regular Session

Wilford Carter

REAPPORTIONMENT/JUDGES: Provides relative the composition of the election sections of the Second District of the Third Circuit Court of Appeal

DIGEST

Present law provides that the parishes of Beauregard, Calcasieu, Cameron, Jefferson Davis, and Vernon compose the second district of the Third Circuit Court of Appeal. Divides the second district into two election sections and provides for the composition of those election sections. Present law provides that the three judges of the second district shall be elected by electing one judge from election section one and by electing two judges from election section two.

Proposed law changes the composition of election section one and election section two of the second district (see attached map and statistics); specifies that the judgeship designated as division "C" shall be assigned to election section one for election purposes and the judgeships designated as divisions "A" and "B" shall be assigned to election section two for election purposes, and otherwise retains present law.

Proposed law specifies that precincts referenced in district descriptions in proposed law are those contained in the file named "2018 Precinct Shapefiles" published on the La. House of Representatives website. Specifies that the 2018 Precinct Shapefiles are based upon those Voting Districts (VTDs) contained in the 2010 Census Redistricting TIGER/Line Shapefiles for the state of La. as those files have been modified by the staff of the legislature to represent precinct changes submitted through July 3, 2018, to the legislature by parish governing authorities pursuant to the provisions of present law (R.S. 18:532 and 532.1).

Proposed law additionally provides that when a precinct is subdivided on a nongeographic or geographic basis under present law (R.S. 18:532.1), the general precinct designation in the district description includes all nongeographic and geographic subdivisions of the precinct, and specifies that the territorial limits of the election sections as provided in proposed law shall continue in effect without change regardless of any changes made to the precincts by the parish governing authority.

Proposed law provides that the election sections used in proposed law shall be evaluated by the end of the year following the year of official release of the decennial federal census to determine if there exists any substantial variation in population in a district, or if they are as equal as practicable.

Population data in the summaries accompanying this digest are derived from 2010 Census Redistricting Data (Public Law 94-171), Summary File for Louisiana. Population data, statistical information, and maps are supplied for purposes of information and analysis and comprise no part of proposed law.

Effective upon signature of governor or lapse of time for gubernatorial action.
