EXPENDITURE EXPLANATION

Approval of this Resolution will permit the utilization of \$90,062,911 for expenditures in FY21. The amount made available for use during FY21 will be transferred from the Budget Stabilization Fund into the state general fund for appropriation in support of the FY21 budget.

REVENUE EXPLANATION

The Resolution authorizes use of \$90,062,911 from the Budget Stabilization Fund to support the FY21 budget.

La Constitution Article VII, Section 10.3(C)(1) provides that if the official forecast of recurring money for the next fiscal year (FY21) is less than the official forecast of recurring money for the current fiscal year (FY20), the difference, not to exceed 1/3 of the fund may be incorporated into the next year's official forecast, after the consent of 2/3 of the elected members of each house of the legislature.

At the May 11, 2020 REC meeting, the FY21 official forecast of recurring money for FY21 was established as \$453.6 million less than the official forecast of recurring money for FY20. The Budget Stabilization Fund balance on July 1, 2019, was certified to be \$405,283,104; with 1/3 of that balance, or \$135,094,368, available for support of the budget. This Resolution authorizes 2/3 of this available balance for use in support of the FY21 budget (leaving \$45,031,457 of the available balance unused).

Note: La Constitution Article VII, Section 10.3(C)(3) provides that in no event shall the amount included in the official forecast for the next fiscal year, plus the amount utilized in the current fiscal year, exceed 1/3 of the fund balance at the beginning of the current fiscal year.
