EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

The bill provides local governments the ability to grant ad valorem tax abatements to non-residential immovable property, in lieu of advance cash payments, subject to statutory provisions. Although there may be numerous reasons for both local governments and taxpayers to enter cooperative endeavor agreements to achieve community goals, the utilization of this authority may result in lower local ad valorem tax revenue collections, in that, taxpayer payments in lieu of ad valorem tax may be lower than the ad valorem tax itself. Otherwise, taxpayers may not be inclined to enter the cooperative endeavor agreements. However the payments in lieu of ad valorem tax may provide resources for particular local projects that might not be available from other sources. Utilization of such agreements is speculative, and the ultimate local government aggregate revenue impacts can not be projected.
