

RÉSUMÉ DIGEST

HR 44

2020 Regular Session

Crews

Directs the governor to ensure that the liberty and individual rights of La. citizens are protected by directing the governor not to authorize or otherwise impose any penalty for refusal by a person to participate in the state administering of the public health function known as contact tracing.

Directs the governor to strictly prohibit all of the following:

- (1) Tracking of any person's movements through mobile phone geolocation or any other means, electronic or otherwise, in contact tracing.
- (2) Any data mining that would facilitate the tracking of a person's movements.
- (3) The collection of personal identifying information through contact tracing.

Directs the governor to give absolute assurance that contact tracing will not entail the compulsory separation of family members or the prohibition of willing association among individuals.

Directs the governor not to authorize or otherwise impose any mandate that any individual be tested for the novel coronavirus or antibodies to the virus.
