

2020 Second Extraordinary Session

HOUSE BILL NO. 52

BY REPRESENTATIVE EDMONDS

PUBLIC HEALTH/OFFICE: Requires regular reporting of the number of school-age children known to have an infectious disease during a public health emergency relating to the disease (Item #28)

1 AN ACT

2 To enact Part VI-A of Subchapter A of Chapter 5-F of Title 40 of the Louisiana Revised
3 Statutes of 1950, to be comprised of R.S. 40:1272.1 and 1272.2, relative to duties of
4 the office of public health of the Louisiana Department of Health; to establish
5 requirements for reporting of certain public health data during a state of public health
6 emergency; to require the office of public health to report data on infectious disease
7 incidence among school-age children under certain circumstances; to specify the
8 recipients and schedule of such reporting; to provide for effectiveness; and to provide
9 for related matters.

10 Be it enacted by the Legislature of Louisiana:

11 Section 1. Part VI-A of Subchapter A of Chapter 5-F of Title 40 of the Louisiana
12 Revised Statutes of 1950, comprised of R.S. 40:1272.1 and 1272.2, is hereby enacted to read
13 as follows:

14 PART VI-A. REPORTING OF INFECTIOUS DISEASE DATA

15 IN PUBLIC HEALTH EMERGENCIES

16 §1272.1. Definitions

17 For purposes of this Part, the following terms have the meaning ascribed to

18 them in this Section:

1 (1) "Office of public health" means the office of public health of the
2 Louisiana Department of Health.

3 (2) "School-age children" means all children who are at least four years of
4 age and have not attained the age of eighteen years.

5 §1272.2. Infectious disease incidence among school-age children; public health
6 emergencies; reporting of data

7 During the pendency of any state of public health emergency declared in
8 accordance with R.S. 29:766 and relating to one or more infectious diseases, the
9 office of public health shall transmit to all of the following recipients, on a weekly
10 basis, a report which provides the total number of school-age children in this state
11 known to have been infected with each disease addressed by the public health
12 emergency declaration:

HB 52 Original

2020 Second Extraordinary Session

Edmonds

Abstract: During any public health emergency relating to an infectious disease, requires regular reporting by the office of public health of the number of school-age children known to have the disease.

Proposed law requires that during any state of public health emergency declared in accordance with present law and relating to one or more infectious diseases, the office of public health shall transmit to all of the following recipients, on a weekly basis, a report which provides the total number of school-age children in this state known to have been infected with each disease addressed by the public health emergency declaration:

- (1) The state superintendent of education.
- (2) Each elected member of the Board of Elementary and Secondary Education.
- (3) Each elected member of the legislature.

Proposed law defines "school-age children" as all children who are at least four years of age and have not attained the age of eighteen years.

Proposed law stipulates that if a state of public health emergency is in effect on the effective date of proposed law, then the office of public health shall issue the first report required by proposed law not later than the seventh day after the effective date of proposed law.

Effective upon signature of governor or lapse of time for gubernatorial action.
