

1           WHEREAS, as a result of the COVID-19 pandemic, approximately four hundred  
2 thousand jobless Louisiana workers are receiving federal or state unemployment  
3 compensation benefits compared to about thirteen thousand jobless workers in this same  
4 quarter in 2019, leaving a staggering economical impact on businesses and residents  
5 statewide; and

6           WHEREAS, in an effort to slow the spread of the novel coronavirus, a series of  
7 executive orders was issued that resulted in a statewide shutdown of nonessential businesses  
8 and operations causing an increase in the number of individuals who have filed for  
9 unemployment benefits; and

10          WHEREAS, the trust fund balance was approximately \$1.05 billion at the start of the  
11 COVID-19 pandemic, and had a balance of only forty-eight million dollars as of  
12 September 25, 2020; and

13          WHEREAS, the state's UI trust fund is projected to become insolvent on October 5,  
14 2020, and the commission is required to pay valid claims whether the fund is solvent or not  
15 and has paid more than one billion dollars in claims since March 2020; and

16          WHEREAS, insolvency of the fund will not stop benefits to unemployed Louisiana  
17 workers and the fund's diminished capacity and subsequent insolvency will, by law, trigger  
18 undesirable effects, including a drop in weekly benefit payments to unemployed workers and  
19 an increase in taxes to businesses in January 2021; and

20          WHEREAS, Louisiana businesses are recovering from the challenges presented by  
21 this unprecedented health and economic crisis and will be struggling to restart the state's  
22 economy so workers can return to earning a living in the months ahead and into 2021; and

23          WHEREAS, in an effort to stabilize unemployment taxes on businesses and  
24 unemployment benefits to unemployed workers, it is necessary to temporarily suspend  
25 present law procedures that trigger those consequences.

26          THEREFORE, BE IT RESOLVED that the Legislature of Louisiana hereby suspends  
27 the provision of R.S. 23:1474(C), (G)(3), and (H) providing for the determination of the  
28 unemployment insurance taxable wage base, maximum weekly benefit amount, and formula  
29 for the calculation of benefits.

30          BE IT FURTHER RESOLVED that this suspension shall become effective upon

1 adoption of this Resolution and shall extend through the sixtieth day after final adjournment  
2 of the 2021 Regular Session of the Legislature of Louisiana.

## DIGEST

SCR 5 Engrossed

2020 Second Extraordinary Session

Reese

Suspends present law that provides that after the Revenue Estimating Conference's adoption of its official projection of the state unemployment trust fund balance for September 1st of the next calendar year, the administrator shall make certain determinations and thereafter apply the proper procedure, as set forth in present law, to the next calendar year beginning January first for maximum dollar amount of wages, maximum weekly benefit amount, with any applicable discounts, and the formula for the computation of benefits.

Suspends present law that requires the Revenue Estimating Conference, in September of each year, to adopt its official projection of the state unemployment trust fund balance for September 1st of the next calendar year and report to the La. Workforce Commission its official projection not later than September 30th.

Effective through the 60th day following the 2021 R.S.

(Suspends R.S. 23:1474(C), (G)(3), and (H))

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Labor and Industrial Relations to the engrossed bill

1. Provides for the suspension of the requirement that the Revenue Estimating Conference adopt its official projection of the trust fund balance and report the projection to the La. Workforce Commission.
2. Removes provisions relating to certain unemployment taxes and special assessments.
