**EXPENDITURE EXPLANATION**

There is a potential expenditure impact to local Clerks of Court, District Attorney's offices, and local law enforcement as those entities would no longer have to expend funds for certain criminal prosecutions. The LFO is aware of one instance where an individual is facing criminal prosecution related to violating the Governor's Emergency Orders regarding COVID-19 and has requested information from the 19th Judicial District Court (JDC) Clerk of Court's office and the East Baton Rouge District Attorney's office as to the costs incurred to date. However, the LFO has not received any information at the time of this writing. Given the limited nature of the restrictions which only apply during emergency situations and the actual number of these prosecutions, impacts are not anticipated to be material.

Proposed law may result in a Local Funds expenditure impact to the extent elimination of imprisonment for a misdemeanor charge results in a net decrease of days imprisoned statewide. The total expenditure impact is indeterminable and not anticipated to be significant.

**REVENUE EXPLANATION**

There is a potential revenue impact to local Clerks of Court, District Attorney's offices, and local law enforcement as these offices may no longer receive fines or costs assessed as a result of a conviction in certain criminal prosecutions. However, given the limited nature of the restrictions which only apply during emergency situations and the actual number of these prosecutions; impacts are not anticipated to be material.
