Proposed law requires any governing authority with a municipal police department or sheriff's office to notify JLCB if the annual operating budget for the police department or sheriff's office decreases by 25% or more from the current to ensuing fiscal year or any time during the current year.

Proposed law authorizes JLCB to require the governing authority to appear before the committee and if JLCB determines the reductions will have a significant and harmful effect on public safety, the governing authority shall be ineligible to apply for or receive funding for any new capital outlay projects or receive appropriations from sales tax dedications for the ensuing fiscal year.

Proposed law exempts any political subdivision which decreases the annual operating budget for its municipal police department or sheriff's office due to a decrease in tax collections.
