 Provides relative to funding university, parish, and municipal police departments (Items #15 and 16)

Proposed law requires each governing authority of a political subdivision which includes a municipal police department or sheriff's office shall notify the Joint Legislative Committee on the Budget (JLCB) if the annual operating budget for the ensuing year indicates a decrease of 25% or greater as compared to the current fiscal year. It further requires each governing authority of a political subdivision to notify JLCB in writing no later than 15 days after such a reduction's effective date. JLCB may require the governing authority to appear before the committee. Corresponding governing authorities determined by JLCB to create a significant and harmful effect on public safety through budget reductions to specified law enforcement offices shall be ineligible to apply for or receive funding for new capital outlay projects and appropriations from sales tax dedications for the ensuing fiscal year. It further provides an exemption for any political subdivision if its municipal police department of sheriff's office budget is decreased as the result of an overall decrease in tax collections within the political subdivision.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure since the proposed law merely directs municipal police departments and sheriff's office to notify the JLCB if funding for their respective police department is reduced by 25% or greater. If it is determined by JLCB that the reduction will have a significant and harmful effect on public safety, the governing authority shall be ineligible to apply for or receive funding for new capital outlay projects and to receive sales tax dedications (appropriated as statutory dedications) for the ensuing year.

Note: All funding from the sales tax dedications and the capital outlay act is subject to annual appropriation by the legislature.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
