<b>Subject:</b> reporting	

PUBLIC HEALTH/OFFICE RE1 NO IMPACT See Note Page 1 of 1  
 Requires regular reporting of the number of school-age children known to have an infectious disease during a public health emergency relating to the disease (Item #28)  
Proposed law requires that during the pendency of any state of public health emergency declared in accordance with R.S. 29:766 and relating to one or more infectious diseases, the Louisiana Department of Health, office of public health shall publish, on a publicly accessible website, a report updated not less than weekly, which provides the total number of children between the ages of five and seventeen years in this state known to have been infected with each disease addressed by the public health emergency declaration.

**EXPENDITURE EXPLANATION**  
 The collection of the required data for the specified age group and publishing a report on LDH's website at various intervals is not anticipated to increase costs in the Office of Public Health.

**REVENUE EXPLANATION**  
 There is no anticipated direct material effect on governmental revenues as a result of this measure.
