1 AN ACT

2 To enact R.S. 13:621.24.2, relative to the Twenty-Fourth Judicial District; to establish the
3 Online Judge Pilot Program; to provide for the subsequent inclusion of additional
4 courts; to provide for participation in the program; to provide for motions; to provide
5 for oral and written arguments; to provide for admissibility of evidence; to provide
6 for transmission of pleadings; and to provide for related matters.

7 Be it enacted by the Legislature of Louisiana:

8 Section 1. R.S. 13:621.24.2 is hereby enacted to read as follows:

9 §621.24.2. Twenty-Fourth Judicial District; Online Judge Pilot Program

10 A. In an effort to improve access to justice, address the backlog of cases
11 created by the COVID-19 pandemic, and create a more efficient and effective justice
12 system, the Twenty-Fourth Judicial District Court, by rule adopted by a majority of
13 the judges sitting en banc, may establish the Online Judge Pilot Program. Each
14 division of court, now in existence or subsequently created, is authorized to establish
15 a process to handle any preliminary matter exclusively online. The Louisiana
16 Supreme Court may approve any additional court to subsequently participate in the
17 Online Judge Pilot program, hereafter referred to as "the program".

18 B. Pursuant to the inherent judicial power of the court, the court may order
19 any civil case to participate in the program. If ordered, all parties shall participate in
20 the program unless they have been exempted by the court due to an undue hardship.

1 An undue hardship exists when a party cannot access the online system or participate
2 in the program without substantial difficulty or expense as determined by the court.

3 C. In an effort to expedite litigation, oral arguments shall be waived and all
4 motions and exceptions shall be referred to the program, unless the court determines
5 that oral arguments or witness testimony is necessary. Written argument may take
6 place through the program in an asynchronous manner within a time frame specified
7 by the court. The court may also designate a character limit depending upon the
8 complexity of the issue. The court may consider only those documents filed in
9 support of or in opposition to the subject motion and shall consider any documents
10 to which no objection is made. Any objection to a document shall be raised in a
11 timely filed opposition or reply memorandum. The court shall consider all
12 objections prior to rendering judgment. The court shall specifically state in writing
13 which documents, if any, it held to be inadmissible or declined to consider. The
14 parties may present and offer additional evidence if oral arguments are permitted or
15 witness testimony is necessary.

16 D. All messages related to a hearing held through the program shall be
17 considered part of the court record and may be used for any purpose after having
18 been certified by the court reporter. Any issue discussed through the program during
19 the pretrial conference may not be used as evidence in any judicial or administrative
20 proceeding.

21 E. Notwithstanding any provision of law to the contrary, every pleading
22 subsequent to the original petition, including a pleading or order that sets a court
23 date, shall be served by transmitting an electronic copy to all parties through the
24 program established by the court.
