

2021 Regular Session

HOUSE BILL NO. 662

BY REPRESENTATIVES COUSSAN AND BRYANT

TAX/SEVERANCE-EXEMPTION: Exempts oil production of certain orphaned wells from severance tax

1 AN ACT

2 To enact R.S. 47:633(7)(e), relative to certain severance tax exemptions; to provide for a tax
3 exemption on oil produced from certain orphaned wells; to provide for the amount
4 of the exemption; to provide for applicability; to provide for definitions; to provide
5 for effectiveness; to provide for certain requirements and limitations; to provide for
6 an effective date; and to provide for related matters.

7 Be it enacted by the Legislature of Louisiana:

8 Section 1. R.S. 47:633(7)(e) is hereby enacted to read as follows:

9 §633. Rates of tax

10 The taxes on natural resources severed from the soil or water levied by R.S.
11 47:631 shall be predicated on the quantity or value of the products or resources
12 severed and shall be paid at the following rates:

13 * * *

14 (7)

15 * * *

16 (e)(i) There shall be an exemption from the severance tax levied in this Part
17 on oil production from orphaned wells when production commences on or after
18 January 1, 2022, and on or before December 31, 2024.

19 (ii)(aa) The exemption for an orphaned well shall last for a period of twenty-
20 four months or until payout of the well cost is achieved, whichever occurs first.

1 (bb) For purposes of this Subparagraph, the exemption period shall begin the
2 first day of the month after the operator notifies the Department of Revenue that
3 production has commenced. Notification shall be in a form approved by the
4 secretary of the Department of Revenue.

5 (iii) There shall be no more than one exemption authorized pursuant to this
6 Subparagraph for any wellhead.

7 (iv) No later than March 1, 2024, the Department of Revenue shall report the
8 number and cost of exemptions claimed pursuant to this Subparagraph and the
9 Department of Natural Resources, office of conservation, shall report the number of
10 orphaned wells plugged to the House Committee on Ways and Means and the Senate
11 Committee on Revenue and Fiscal Affairs.

12 (v) An operator that has been found to be in violation of Statewide Order 29-
13 B, Subpart 1 of Part XIX of Title 43 of the Louisiana Administrative Code, shall not
14 be eligible for the exemption authorized pursuant to this Subparagraph if the office
15 of conservation is authorized to withhold a permit application from the operator
16 pursuant to R.S. 30:94.

17 (vi)(aa) Payout of the well cost occurs when gross revenue from the well,
18 less royalties and operating costs directly attributable to the well, equals the well
19 cost.

20 (bb) For the purposes of this Subparagraph, well costs shall equal the cost
21 of completing the well to the commencement of production or the cost of well
22 enhancements, as determined by the Department of Natural Resources.

23 (cc) For the purposes of this Subparagraph, operating costs shall be limited
24 to those costs directly attributable to the operation of the exempt well, including but
25 not limited to direct materials, supplies, fuel, direct labor, contract labor or services,
26 repairs, maintenance, property taxes, insurance, depreciation, and any other costs that
27 can be directly attributed to the operation of the well. Where applicable, the
28 calculation of such costs shall begin from the date that the Department of Natural
29 Resources permitted operation is complete and production is established. Operating

1 costs shall not include any costs that were included in the well cost approved by the
2 office of conservation.

3 (vii) Interest on a refund of severance tax to an operator whose well qualifies
4 for the exemption provided in this Subparagraph shall be paid in accordance with
5 R.S. 47:1624(A)(2).

6 * * *

7 Section 2. This Act shall become effective upon signature by the governor or, if not
8 signed by the governor, upon expiration of the time for bills to become law without signature
9 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
10 vetoed by the governor and subsequently approved by the legislature, this Act shall become
11 effective on the day following such approval.

HB 662 Original

2021 Regular Session

Coussan

Abstract: Exempts from severance tax oil produced from certain orphaned wells.

Present law imposes a tax on natural resources severed from the soil or water based upon quantity or value of the products or resources severed.

Present law establishes a severance tax on oil at a rate of 12.5% of its value at the time and place of severance. The value is the higher of: (1) gross receipts received from the first purchaser, less charges for trucking, barging and pipeline fees, or (2) the posted field price.

Proposed law creates an exemption for oil produced from any orphaned well when production occurs on or after Jan. 1, 2022, and on or before Dec. 31, 2024.

Proposed law provides that the exemption for an orphaned well lasts for a period of 24 months or until payout is achieved, whichever occurs first.

Proposed law provides the exemption period begins the first day of the month after the operator notifies the Dept. of Revenue that new or post enhancement production has commenced. Proposed law also provides that there may be no more than one exemption per wellhead.

Proposed law requires, no later than March 1, 2024, the Dept. of Revenue to report the number and cost of exemptions claimed and the Dept. of Natural Resources to report the number of orphan wells plugged to the House Committee on Ways and Means and the Senate Committee on Revenue and Fiscal Affairs.

Proposed law prohibits an operator in violation of Statewide Order 29-B from being eligible for the exemption if the office of conservation is authorized to withhold a permit application from the operator pursuant to present law.

Proposed law defines "well costs" as the cost of completing the well to the commencement of production or the cost of well enhancements, as determined by the Dept. of Natural Resources.

Proposed law defines "operating costs" as costs directly attributable to the operation of the exempt well, including but not limited to direct materials, supplies, fuel, direct labor, contract labor or services, repairs, maintenance, property taxes, insurance, depreciation, and any other costs that could be directly attributed to the well.

Proposed law provides that the calculation of operating costs begins from the date that the Dept. of Natural Resources permitted operation or the date the enhancement was completed and production was established. Operating costs exclude costs included in the well cost.

Proposed law requires the interest on a refund of severance tax to an operator whose well qualified for this exemption be paid in accordance with present law (R.S. 47:1624(A)(2)).

Effective upon signature of governor or lapse of time for gubernatorial action.

(Adds R.S. 47:633(7)(e))
