SB 192 Engrossed

DIGEST
2021 Regular Session

Hensgens

Present law requires the Dept. of Health and Hospitals, office of public health, to temporarily waive applicable requirements of the state sanitary code regarding individual sewerage systems during the construction of a community sewerage system for properties located within the boundaries of any parish with a population between 6,800 and 6,900 according to the latest federal decennial census under certain conditions.

Present law authorizes a parish or any municipality within the parish to provide appropriate enforcement mechanisms to discourage citizens owning property within the boundaries of the parish from certain actions, including connecting multiple habitable structures to an individual sewerage system.

Proposed law provides an exemption for connecting two recreational vehicles to a single individual sewerage system from the actions local government may provide enforcement mechanisms against or may discourage.

Proposed law provides a definition for recreational vehicle.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 40:1281.26(C)(1); adds R.S. 40:1281.26(D))
