HB 74 Engrossed

2021 Regular Session

Frieman

Abstract: Requires all insurers issuing workers' compensation policies in La. to either maintain a claims office in La. or retain a La. licensed claims adjuster.

Present law requires foreign and alien insurers issuing workers' compensation policies in La. to either maintain a claims office in La. for processing such claims or to retain the services of a La. domiciled independent claims adjuster.

Proposed law retains present law but removes the requirement that the retained La. claims adjuster be domiciled independently.

Present law provides that all insurers who issue workers' compensation policies in this state shall either establish and maintain a claims office within the state or retain a licensed claims adjuster.

Proposed law retains present law but specifies that the retained claims adjuster shall be licensed in La.
