HB 323 Reengrossed

2021 Regular Session

Gadberry

Abstract: Changes the applicability from prohibiting price as a factor in selecting design professional services to prohibiting price as a factor in selecting architectural and engineering professional services.

Present law specifies that state policy is to select providers of design professional services on the basis of competence and qualifications for a fair and reasonable price.

Present law prohibits the selection of design professional services where price or price-related information is a factor in the selection.

Present law declares that state policy is that all records regarding the selection of design professional services shall be open to the public in accordance with present law regarding the right to examine public records.

Proposed law retains present law but changes the applicability from design professional services to architectural, engineering, and land surveyor professional services.

(Amends R.S. 38:2318.1(A) and (C))

Summary of Amendments Adopted by House

The House Floor Amendments to the engrossed bill:

1. Add land surveyors to the list of applicable professional services.
