

1 period represents the highest number of overdose deaths ever recorded in a year since the  
2 opioid epidemic began in the 1990s; and

3 WHEREAS, the April, 2021 CDC update indicated that among all U.S. states and the  
4 District of Columbia, Louisiana experienced the nation's second-largest annual increase in  
5 drug overdose deaths (with a fifty-four percent increase) behind only the District of  
6 Columbia (which had a sixty-one percent increase) and just ahead of Kentucky (which had  
7 a fifty percent increase); and

8 WHEREAS, in its annual report issued in March of 2021, Louisiana's Advisory  
9 Council on Heroin and Opioid Prevention and Education, a body created by Act No. 88 of  
10 the 2017 Regular Session and known informally as the "HOPE Council", indicates that  
11 among the most concerning opioid-related trends of the past year is the continuing rise in  
12 fatal and non-fatal opioid poisonings, with notable spikes beginning in March of 2020 and  
13 coinciding with the outbreak of COVID-19; and

14 WHEREAS, the 2021 HOPE Council annual report also notes that, as in prior years,  
15 synthetic opioids and fentanyl continued to contribute to an increasing number of deaths in  
16 Louisiana, with deaths related to fentanyl use increasing by roughly sixty-five percent from  
17 2018 to 2019; and

18 WHEREAS, according to the Louisiana State Police Bureau of Investigation, the  
19 amount of illicit fentanyl seized in this state increased from forty-nine grams in 2019 to over  
20 three-and-one-half kilograms in 2020, a vast increase in percentage terms; and

21 WHEREAS, recognizing the vital necessity of public engagement in combating the  
22 opioid epidemic, the Louisiana Department of Health, in September of 2019, hosted a three-  
23 day-event in Slidell which the department branded as the Opioid Action Summit; and

24 WHEREAS, the 2019 Opioid Action Summit brought together hundreds of  
25 healthcare providers, subject matter experts, and stakeholders in the addiction treatment  
26 community, all of whom are at the forefront of fighting the opioid epidemic in our state, and  
27 was a resounding success by every measure; and

28 WHEREAS, considering the immense challenges that Louisiana now faces on  
29 multiple public health fronts, particularly with respect to opioids, it is critical that our state  
30 remain steadfast and focused in combating opioid abuse; and

1           WHEREAS, policymakers, community leaders, and concerned citizens look to the  
2 leadership of this state's health agency, the Louisiana Department of Health, to guide,  
3 support, and inspire us in combating the opioid epidemic; and

4           WHEREAS, the members of the legislature understand the severity of the opioid  
5 crisis in Louisiana and hereby express our intent, individually and as a body, to partner with  
6 and support the efforts of the Louisiana Department of Health to addressing this daunting  
7 public health crisis.

8           THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby  
9 urge and request the Louisiana Department of Health to convene an opioid action summit  
10 in 2021.

11           BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the  
12 secretary of the Louisiana Department of Health.
