

1 WHEREAS, north Louisiana is the only gap in the entire nation in Amtrak's service
2 lines; and

3 WHEREAS, bridging this gap would connect Dallas-Fort Worth all the way to
4 Atlanta; and

5 WHEREAS, federal funds originally allocated to the state of Texas are now available
6 for use in connection with rail infrastructure for the entire Interstate 20 corridor between
7 Marshall, Texas, and Meridian, Mississippi; and

8 WHEREAS, Texas expressed a willingness to use a portion of those funds for the
9 entire Interstate 20 corridor; and

10 WHEREAS, Amtrak analyzed the route and determined that passenger rail
11 connectivity along the Interstate 20 corridor will not require an annual operating subsidy;
12 and

13 WHEREAS, passenger rail services along the Interstate 20 corridor, home to several
14 public institutions of higher education, will benefit the people of Louisiana by allowing
15 greater mobility and expanding potential labor and tourism markets access to the region; and

16 WHEREAS, passenger rail services will improve access between north Louisiana and
17 major regional economic and transportation centers in Dallas, Texas, and Atlanta, Georgia;
18 and

19 WHEREAS, traffic congestion on Interstate 20 from Shreveport to Dallas is only
20 expected to worsen over the next ten years, which makes the need for passenger rail service
21 more prevalent.

22 THEREFORE, BE IT RESOLVED that the House of Representatives of the
23 Legislature of Louisiana does hereby urge and request the Department of Transportation and
24 Development to study the development of passenger rail services along the Interstate 20
25 corridor in Louisiana in collaboration with the state transportation agencies of Texas and
26 Mississippi and with Amtrak partners.

27 BE IT FURTHER RESOLVED that the Department of Transportation and
28 Development's recommendations shall consider several stops in Louisiana to allow
29 passengers the opportunity to travel throughout north Louisiana and, at a minimum, shall
30 include the following:

- 1 (1) The route alternatives.
- 2 (2) The station locations.
- 3 (3) The infrastructure needs.
- 4 (4) The ridership and revenue estimated.

5 BE IT FURTHER RESOLVED that the Louisiana Department of Transportation and
6 Development shall submit a written report to the House Committee on Transportation,
7 Highways and Public Works detailing its findings and recommendations prior to March 1,
8 2022.

9 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the
10 secretary of the Louisiana Department of Transportation and Development.

HR 47 Engrossed

2021 Regular Session

Gadberry

Urges and requests the Dept. of Transportation and Development (DOTD) to coordinate the development of passenger rail services along the Interstate 20 corridor in Louisiana with the state transportation agencies of Texas and Mississippi and with Amtrak partners. Requires the DOTD submit a written report to the House Committee on Transportation, Highways and Public Works detailing its findings by Feb. 28, 2022.
