Abstract: Provides a longer period of time for a parish to prepare and verify absentee by mail and early voting ballots before election day

Present law provides that parishes with 1,000 or more absentee by mail ballots returned to the registrar of voters for a primary or general election may conduct the preparation and verification process for the tabulation and counting of absentee by mail and early voting ballots the day before the election and conduct the tabulation and counting of absentee by mail and early voting ballots on election day.

Proposed law repeals present law.
