HOUSE CONCURRENT RESOLUTION NO. 87

BY REPRESENTATIVES ROBERT OWEN, ADAMS, ROBBY CARTER, CORMIER,
COX, GREEN, HUGHES, ILLG, JEFFERSON, JONES, LARVADAIN, PIERRE,
THOMPSON, WHITE, AND WILLARD

HEALTH/DISEASE CONTROL: Creates the Louisiana Kidney Disease Prevention and
Education Task Force

1 A CONCURRENT RESOLUTION

2 To create a task force to study and make recommendations for increasing awareness of
3 chronic kidney disease, to request the task force to work with policymakers, public
4 health entities, and educational institutions to create educational health programs to
5 promote awareness, and to submit a written report of its findings and
6 recommendations to the Legislature of Louisiana not later than thirty days prior to
7 the convening of the 2022 Regular Session.

8 WHEREAS, according to the Centers for Disease Control and Prevention (CDC),
9 when a person develops chronic kidney disease, his kidneys become damaged and over time
10 the kidneys may not clean the blood as well as healthy kidneys; and

11 WHEREAS, according to the CDC, kidneys that do not work well can lead to toxic
12 waste and extra fluid accumulating in the body and may lead to high blood pressure, heart
13 disease, stroke, and premature death; and

14 WHEREAS, according to CDC estimates, approximately fifteen percent of adults in
15 the United States, or roughly thirty-seven million people, have chronic kidney disease; and

16 WHEREAS, the CDC also estimates that approximately ninety percent of adults with
17 chronic kidney disease do not know they have the disease and approximately forty percent
18 of adults with severe chronic kidney disease do not know they have the disease; and

1 WHEREAS, through access to educational health programs on chronic kidney
2 disease, people with or at risk for this disease can acquire the information necessary to
3 combat the disease; and

4 WHEREAS, by increasing awareness of chronic kidney disease through promoting
5 kidney health, promoting early diagnosis and treatment, and preventing and controlling risk
6 factors for chronic kidney disease, people with or at risk for chronic kidney disease can be
7 empowered to take the necessary steps to protect their kidneys.

8 THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
9 establish the Kidney Disease Prevention and Education Task Force to study and make
10 recommendations for increasing awareness of chronic kidney disease and to work with
11 policymakers, public health entities, and educational institutions to create educational health
12 programs to promote awareness.

13 BE IT FURTHER RESOLVED that the membership of the task force shall be as
14 follows:

- 15 (1) The secretary of the Louisiana Department of Health or his designee.
- 16 (2) The chancellor of the Louisiana State University Health Sciences Center at
17 New Orleans or his designee.

- 29 (13) One representative from the Louisiana State Nurses Association.

1 BE IT FURTHER RESOLVED that the Louisiana Department of Health shall
2 provide staff support as needed by the task force.

3 BE IT FURTHER RESOLVED that at its first meeting, the task force shall elect from
4 among its members a chairperson, who shall preside over the task force.

5 BE IT FURTHER RESOLVED that the members of the task force shall serve
6 without compensation.

7 BE IT FURTHER RESOLVED that the task force shall convene its first meeting by
8 September 1, 2021, and shall meet as frequently as it deems necessary for the timely
9 performance of its duties.

10 BE IT FURTHER RESOLVED that the task force shall submit a written report of
11 its findings and recommendations to the Legislature of Louisiana not later than thirty days
12 prior to the convening of the 2022 Regular Session.

13 BE IT FURTHER RESOLVED that the task force shall study and make
14 recommendations concerning matters that include but are not limited to the following:

15 (1) The examination of existing disparities, if any, on how chronic kidney
16 disease, transplantation, and kidney donation affect and impact non-
17 minorities versus minorities and how to reduce or eliminate those disparities.

18 (2) The development of a sustainable plan to increase awareness about early
19 detection, promote health equity and transplantation, and reduce the burden
20 of kidney disease throughout the state of Louisiana.

21 (3) The development of a sustainable plan to conduct health education
22 workshops and seminars in order to promote awareness about chronic kidney
23 disease.

24 (4) The development of a sustainable plan to increase preventive screening of
25 chronic kidney disease in order to help bring about awareness of the disease
26 and to screen, find, and treat people who may have the disease.

27 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the
28 secretary of the Louisiana Department of Health, the chancellor of the Louisiana State
29 University Health Sciences Center at New Orleans, the chancellor of the Louisiana State
30 University Health Sciences Center at Shreveport, the chief executive officer of the National
