**EXPENDITURE EXPLANATION**

There may be an indeterminable increase in SGF expenditures to the Department of Public Safety & Corrections - Corrections Services (DPS&C) if a person is convicted of the staging of a motor vehicle collision or the aggravated staging of a motor vehicle collision. The exact fiscal impact of the passage of this legislation is indeterminable, since the legislation creates a new crime and it is not known how many individuals will be convicted of the crime. However, any offender sentenced to the custody of DPS&C increases SGF expenditures of \$26.39 per day per offender in adult local housing and \$67.36 per day per offender in a state facility. Any offender convicted of these crimes would cost DPS&C \$9,632 annually (\$26.39 per day per offender x 365 days) per offender in adult local housing and \$24,586 annually (\$67.36 per day per offender x 365 days) per offender in a state facility .

If a person is convicted of the staging of a motor vehicle collision, the maximum time of incarceration is 5 years. The maximum increase to the SGF would be \$48,160 per offender (\$9,632 annually per offender x 5 years) in adult local housing and \$122,930 per offender (\$24,586 annually per offender x 5 years) in a state facility.

If a person is convicted of the aggravated staging of a motor vehicle collision, the maximum time of incarceration is 30 years. The maximum increase to the SGF would be \$288,960 per offender (\$9,632 annually per offender x 30 years) in adult local housing and \$737,580 per offender (\$24,586 annually per offender x 30 years) in a state facility.

The proposed law also includes adding the two new proposed crimes to the list of crimes considered "racketeering activity." The penalties for a conviction of racketeering shall be a fine of not more than \$1 M, or imprisoned at hard labor for not more than 50 years, or both. The maximum increase to the SGF would be \$481,600 per offender (\$9,632 annually per offender x 50 years) in adult local housing and \$1.2 M per offender (\$24,586 annually per offender x 50 years) in a state facility.

**REVENUE EXPLANATION**

There may be an indeterminable increase in local funds revenue as a result of potential fines if a person is convicted of the staging of a motor vehicle collision, with a maximum fine of \$5,000, or the aggravated staging of a motor vehicle collision, with a maximum fine of \$15,000. The maximum fine for racketeering is \$1 M. The potential revenue will accrue to the governmental entities.
