**EXPENDITURE EXPLANATION**

Although the proposed law does not require additional expenditures, expenditures could increase to the extent additional revenues are generated by the fee increases and subsequently appropriated by the legislature. The LA Department of Agriculture and Forestry (LDAF) reports that funds will be used to maintain sustainability for the Weights and Measures Division, including modernization of equipment and purchase of vehicles.

**REVENUE EXPLANATION**

Proposed law will significantly increase statutorily dedicated revenues to Weights and Measures Fund from increased fees related to the registration of commercial weighing and measuring devices, weighmaster licenses, and registration of service persons. Based on the prior year's collections on registration fees for commercial weighing and measuring devices, the LA Department of Agriculture and Forestry (LDAF) anticipates the proposed law will increase statutorily dedicated revenue from the Weights and Measure Fund by \$619,185 annually. The estimate assumes the same number of registrations and inspections as prior years.
