EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

Local Fund revenues may increase by an indeterminable amount as a result of this bill.

Based on information from a local airport official, the expectation is that the removal of lease term limits and stipulations would make airport property leases more appealing to private aircraft owners and businesses. There are no current leases at Vivian Municipal Airport. It is estimated that there is 350,000 square feet available for lease at the airport. A lease price per square foot has not been determined, but an airport similar to Vivian Municipal Airport has a current lease rate of \$0.2254 per square foot. Based on the information provided, the airport could increase annual revenues by \$78,890 (350,000 square feet x \$0.2254 per square foot), if the removal of limits/restrictions resulted in leases.
