8. Add provisions that require 5%, not to exceed \$100 million, of the monies deposited into the construction subfund pursuant to proposed law for the purpose of highway and bridge preservation projects included in the highway priority program shall be used for projects authorized pursuant to present law (R.S. 48:224.1).
9. Add provisions that provide beginning with Fiscal Year 2024-2025, during any fiscal year, if the Revenue Estimating Conference revises the Official Forecast resulting in a decrease in recurring state general fund revenue for the current year of \$100 million or more from the Official Forecast at the beginning of the current fiscal year, the amount of avails deposited into the subfund pursuant to the provisions of this Section, shall not exceed \$150 million for that fiscal year. The remainder of the avails collected for that fiscal year in excess of \$150 million shall be deposited into the state general fund. Any avails previously deposited into the subfund in that fiscal year in excess of \$150 million shall be transferred to the state general fund.
10. Make technical changes.

#### **Digest of the bill as proposed by the Conference Committee**

Present law provides that beginning in Fiscal Year 2017-2018 and each fiscal year thereafter, from the avails of certain sales and use taxes and inventory tax, the treasurer shall deposit an amount equal to the increase in general fund revenues certified by the Revenue Estimating Conference as being attributable to the provisions of the Act that originated as SB 122 of the 2015 R.S., but not in excess of \$100 million each fiscal year.

Present law provides that the first \$70 million of the monies shall be deposited into the Transportation Trust Fund to be used exclusively for state highway pavement and bridge sustainability projects. Thereafter, 93% of the monies shall be deposited into the Transportation Trust Fund to be allocated as follows: not less than 30% for highway priority program projects classified as capacity projects; 25% for port construction and development priority program projects; and the remaining monies for state highway pavement and bridge sustainability projects.

Present law provides that the remaining seven percent shall be deposited into the La. State Transportation Infrastructure Fund as provided in the Act which originated as HB 767 of the 2015 R.S. for final design and construction and shall not be used for studies.

Present law specifies that none of the monies deposited into the Transportation Trust Fund pursuant to present law shall be appropriated to the office of state police.

Proposed law repeals present law and provides that beginning FY 2023-2024 30% the avails of the taxes from the sale, use, or lease of motor vehicles taxable pursuant to present law shall be deposited into the Construction Subfund of the Transportation Trust Fund (subfund).

Proposed law provides that beginning with Fiscal Year 2024-2025, during any fiscal year, if the Revenue Estimating Conference revises the Official Forecast resulting in a decrease in recurring state general fund revenue for the current year of \$100 million or more from the Official Forecast at the beginning of the current fiscal year, the amount of avails deposited into the subfund pursuant to the provisions of this Section, shall not exceed \$150 million for that fiscal year. Further provides that the remainder of the avails collected for that fiscal year in excess of \$150 million shall be deposited into the state general fund.

Proposed law further provides that the Dept. of Transportation and Development (DOTD) shall utilize up to 75% of the monies deposited into the subfund pursuant to proposed law on certain enumerated capital construction road and bridge projects.

Proposed law requires DOTD to utilize an amount not less than 25% of the remaining money deposited into the subfund pursuant to proposed law on highway and bridge preservation projects included in the present law highway priority program.

Proposed law provides that of the money used on the highway and bridge preservation projects shall be utilized on projects authorized pursuant to present law (R.S. 48:224.1).

Proposed law provides that in any fiscal year, neither the state nor any agency shall issue debt in excess of \$150 million that is secured by any monies deposited into the subfund pursuant to the provisions of proposed law.
